Racially Identifiable Schools within District

If you have been notified by the Minnesota Department of Education (MDE) that your district has a racially identifiable school, please list each of those schools below. Add additional lines as needed.

1. None
2. Type name of RIS here.
3. Type name of RIS here.
4. Type name of RIS here.
5. Type name of RIS here.
6. Type name of RIS here.

Plans for racially identifiable schools should include the same information and follow the same format as districtwide plans. Provide that information in the [Racially Identifiable School section](#) of this document.

Partnering Districts Racially isolated districts must partner with adjoining districts on student integration strategies (Minn. R. 3535.0170). List the districts you will partner with, adding additional lines as needed. Provide the name of your integration collaborative if you have one: Type name of integration collaborative here, if applicable

1. Worthington ISD 518
2. Adrian ISD 511
3. Ellsworth ISD 514
4. Fulda ISD 505
5. Heron Lake Okabena ISD 330

School Board Approval

We certify that we have approved this Achievement and Integration plan and will implement it as part of our district's World's Best Workforce plan ([Minn. Stat. § 124D.861, subd. 4](#)).

We certify that we sought and received input on integration goals and strategies from councils as described on page 2. The council(s) included representation and meaningful input from our American Indian Parent Advisory Committee as required by [Minnesota Rules 3535.0160, subpart 2](#), and [Minnesota Rules 3535.0170, subparts 2-5](#).

Plan Input

Minnesota School Desegregation/Integration Rule, part 3535.0170, subpart 2, requires racially isolated and adjoining districts to establish a multidistrict collaboration council to provide input on integration goals and to identify cross-district strategies to improve student integration.

Districts with racially identifiable schools are required to convene a community collaboration council to assist in developing integration goals and to identify ways of creating increased opportunities for integration at the racially identifiable schools (Minn. R. 3535.0160, subp. 2).

American Indian Parent Advisory Committee Districts with an American Indian parent advisory committee must include representation from this committee on the councils described above (Minn. R. 3535.0160, subp. 2, and 3535.0170, subp. 3).

For stakeholder input to be meaningful it should be based on open communication and coordination that acknowledges and considers the views of all participants. For steps to ensure that input from your council is meaningful, see the Facilitation Guide in the [Achievement and Integration Plan Guide](#), and see the [Tribal Consultation Guidance](#).

AIPAC Member Signature (if applicable): N/A

Date Signed: Enter date here

Below, list your council members and identify American Indian parent committee members. Briefly describe council members' recommendations for your district-wide plan and for your racially identifiable school plans, as applicable. You may also include meeting dates and describe the process you used to ensure meaningful input from council members.

Multidistrict Collaboration Council: Carla Osornio, Cristina Adame, Maria Garcia Peters, Tracy Freking, Luke Isder, Diane Larson, Rhonda Groen, Dulce Willardson, Kesia Escalante Dominguez, Mary Montero, Lakeyta Swinea, Jay Vargas, Chelsea Wintz, Paul Bang, Sharon Johnson, Ray Hassing, Molly Schilling, Michael Pagel, Dave Ackerman, and Jorge López.

Community Collaboration Council for Racially Identifiable School(s): N/A

Submitting this Plan

Submit your completed plan as a Word document to MDE for review and approval **no later than March 15, 2023** (Minn. Stat. § 124D.861, subd. 4). Once it's signed, scan the signature page and save it as a separate PDF. Email your plan and signature page to MDE.integration@state.mn.us.

Detailed directions and support for completing this plan can be found in the [Achievement and Integration Plan Guide](#).

Achievement and Integration Goals

This plan must contain three types of goals, at least one for each of the following:

1. Reducing the disparities in academic achievement among all students and specific categories of students excluding the categories of gender, disability, and English learners.
2. Reducing the disparities in equitable access to effective and more diverse teachers among all students and specific categories of students excluding the categories of gender, disability, and English learners.

3. Increasing racial and economic integration (Minn. Stat. § 124D.861, subd. 2 (a)).

Goal #1: The 3rd-grade reading gap between Free & Reduced Priced Lunch students and Non-Free & Reduced Price Lunch students will decrease from 7% in 2023 to 5% by June 2026.

- **Aligns with WBWF area:** All racial and economic achievement gaps between students are closed.
- **Goal type:** Achievement Disparity

Strategies

Each goal should have at least one strategy. Number each strategy sequentially and give it a unique name. For each strategy, provide a narrative description as explained below.

Districts may use Achievement and Integration revenue to pursue racial and economic integration and reduce achievement disparities between student groups through the types of strategies listed in the *Type of Strategy* section below (Minn. Stat. § 124D.861, subd. 2).

Integration Requirement At least one of your strategies must be a student integration activity designed and implemented to bring together students from a racially isolated district with students from that district's adjoining Achievement and Integration districts (Minn. R. 3535.0170).

NOTE: If a strategy is intentionally developed to support multiple goals, list its unique name and number and provide the narrative description for that strategy under one goal. Include that strategy's unique number and name under the other goals it supports. You do not have to copy the narrative description for that strategy under multiple goals.

Strategy Name and # Interventionists

Type of Strategy:

- Innovative and integrated pre-K-12 learning environments. * If you choose this, complete the Integrated Learning Environments section below.
- Family engagement initiatives to increase student achievement.
- Professional development opportunities focused on academic achievement of all students.
- Career/college readiness and rigorous coursework for underserved students, including students enrolled in ALC.
- Recruitment and retention of racially and ethnically diverse teachers and administrators.
- Equitable access to effective and more diverse teachers.

Integrated Learning Environments (Minn. Stat. § 124D.861, subd. 1 (c)). If you chose *Innovative and integrated pre-K through grade 12 learning environments* as the strategy type above, your narrative description should describe how the different aspects of integrated learning environments listed below are part of that strategy:

- | | |
|---|---|
| <input checked="" type="checkbox"/> Uses policies, curriculum, or trained instructors and other advocates to support magnet schools, differentiated instruction, or targeted interventions. | <input type="checkbox"/> Increases cultural fluency, competency, and interaction. |
| <input type="checkbox"/> Provides school enrollment choices. | <input type="checkbox"/> Increases graduation rates. |
| | <input type="checkbox"/> Increases access to effective and diverse teachers. |

Narrative description of this strategy. Based on your description below someone reading your plan should understand what you are proposing to do, why you are doing it, and be able to recognize it if they see it. For example, explain what this activity will look like, what will be taught, which students will participate, how students are selected, intended outcomes for students, what will be assessed, how instruction will be delivered, and where will this take place.

Interventionist funding will be used to employ staff to work with students who are struggling with reading. Their work will focus on improving the performance of students who are reading below grade level benchmarks.

Key Indicators

These indicators are the evidence you will use to document how well each strategy is being implemented and whether or not they are helping bring about the intended outcomes for students. Use these indicators to assess the effectiveness of your strategies and to adjust what you're doing.

For strategies that provide school enrollment choices, such as magnet schools, and strategies that decrease racial and economic enrollment disparities, include at least one indicator that measures enrollment disaggregated by race/ethnicity and free or reduced-priced lunch (FRPL). Disaggregating your data may be relevant for other types of strategies such as those designed to increase access to effective and diverse teachers.

Key Indicators of Progress (KIP)

List key indicators of progress for this strategy and annual targets for each indicator. Choose indicators that will help you know if the strategy is creating the outcomes you want to see.	Target 2024	Target 2025	Target 2026
<i>Example: The percentage of American Indian students enrolling into concurrent enrollment classes will increase by 10 percentage points each year. 2020 enrollment is 32 percent.</i>			
1.1 Using third-grade Fastbridge assessment date, 30% of students served by Interventionist will increase at least one reading level from fall to spring, each year.	30%	30%	30%
Enter KIP.			

This data will be used to support evaluation of your plan (Minn. Stat. § 124D.861, subd. 5).

Goal #2: All students' access to effective educators will improve because the percent of educators (teachers and paraprofessionals) who participate in a culturally competency training will increase from a baseline in 2023 of 60% to 75% by 2026.

Aligns with WBWF area: Increases access to effective and diverse teachers.

- All children are ready for school.
- All racial and economic achievement gaps between students are closed.
- All students are ready for career and college.
- All students graduate from high school.

Goal type: Teacher Equity

- Achievement Disparity
- Integration
- Teacher Equity

Strategies

Each goal should have at least one strategy. Number each strategy sequentially and give it a unique name. For each strategy, provide a narrative description as explained below.

Districts may use Achievement and Integration revenue to pursue racial and economic integration and reduce achievement disparities between student groups through the types of strategies listed in the *Type of Strategy* section below (Minn. Stat. § 124D.861, subd. 2).

Integration Requirement At least one of your strategies must be a student integration activity designed and implemented to bring together students from a racially isolated district with students from that district's adjoining achievement and Integration districts (Minn. R. 3535.0170).

Copy and paste the strategy section below for each additional strategy.

NOTE: If a strategy is intentionally developed to support multiple goals, list its unique name and number and provide the narrative description for that strategy under one goal. Include that strategy's unique number and name under the other goals it supports. You do not have to copy the narrative description for that strategy under multiple goals.

Strategy Name and # Professional Development training for teachers and paraprofessionals

Type of Strategy: Professional development opportunities focused on academic achievement of all students.

- Innovative and integrated pre-K-12 learning environments. * If you choose this, complete the Integrated Learning Environments section below.
- Family engagement initiatives to increase student achievement.
- Professional development opportunities focused on academic achievement of all students.
- Career/college readiness and rigorous coursework for underserved students, including students enrolled in ALC.
- Recruitment and retention of racially and ethnically diverse teachers and administrators.
- Equitable access to effective and more diverse teachers.

Integrated Learning Environments (Minn. Stat. § 124D.861, subd. 1 (c)). If you chose *Innovative and integrated pre-K through grade 12 learning environments* as the strategy type above, your narrative description should describe how the different aspects of integrated learning environments listed below are part of that strategy:

- | | |
|--|--|
| <input type="checkbox"/> Uses policies, curriculum, or trained instructors and other advocates to support magnet schools, differentiated instruction, or targeted interventions. | <input checked="" type="checkbox"/> Increases cultural fluency, competency, and interaction. |
| <input type="checkbox"/> Provides school enrollment choices. | <input type="checkbox"/> Increases graduation rates. |
| | <input type="checkbox"/> Increases access to effective and diverse teachers. |

Narrative description of this strategy. Based on your description below someone reading your plan should understand what you are proposing to do, why you are doing it, and be able to recognize it if they see it. For example, explain what this activity will look like, what will be taught, which students will participate, how students are selected, intended outcomes for students, what will be assessed, how instruction will be delivered, and where will this take place.

2.1 The school district will provide cultural competency professional development opportunities to teachers and paraprofessionals to improve the cultural competency of the staff. Cultural competency trainings will be facilitated by external facilitators or NCIC staff members. Participants will complete a survey regarding what they learned and what strategies they will commit to implementing with students and families.

Narrative description of this strategy

3.1 Integrated cross-district out-of-school-time programs will be offered after-school and/or in the summer. NCIC staff will assist the school district in removing barriers such as language, cultural misconceptions, or transportation to foster greater participation. Opportunities will be offered for both elementary and secondary students each year.

Creating Efficiencies and Eliminating Duplicative Programs

Briefly explain how this plan will create efficiencies and eliminate duplicative programs and services (Minn. Stat. § 124D.861, subd. 2 (c)).

By offering integrated summer day camp opportunities, member districts will be able to serve more students. Instead of three districts individually planning day camp experiences, they will collaborate which can be more efficient and reduce duplication of effort.

By connecting with facilitators who can present cultural competency training in multiple school districts, it will be more efficient to set up trainings for the six school districts. Also, if the facilitator is hired by NCIC, they do not have to go through the paperwork to establish themselves as a vendor or employee of each member school district.
