#### INDEPENDENT AUDITOR'S REPORT

To the Board of Education Independent School District No. 518 Worthington, Minnesota

### Report on the Audit of the Financial Statements

#### **Opinions**

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Independent School District No. 518 (the District) as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the District, as of June 30, 2024, and the respective changes in financial position and the respective budgetary comparison for the general fund, food service fund, and the community service fund, for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Basis for Opinions**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Independent School District No. 518 and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### Change in Accounting Principle

As described in Note 19 to the financial statements, in 2024, the District adopted new accounting guidance, GASB Statement No. 96, *Subscription-Based Information Technology Arrangements* (SBITA). Our opinion is not modified with respect to this matter.

#### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government* Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Required Supplementary Information**

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, the schedule of funding progress for other postemployment benefits plan and the schedules of proportionate share of net pension liability and employer contributions on pages 4-18, 86-88 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting

for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The accompanying combining and individual nonmajor fund financial statements and schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and the schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

#### **Other Information**

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 7, 2024, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Drealar Kvilhaug Hoefker i Co., P.A. Worthington, Minnesota

Worthington, Minnesota November 7, 2024

### FINANCIAL HIGHLIGHTS

Key financial highlights for the 2023-2024 fiscal year include the following:

- Overall actual expenses in the Statement of Activities were more than \$65 million and over \$10 million less than revenues.
- The District's General Fund unassigned fund balance (under the governmental fund presentation) increased \$1,306,524 from the prior year as a result of increased enrollment.
- The reconstruction of the Middle School parking lot was completed.
- The District's Virtual Instruction by Excellence (VIBE) resumed operation.
- · The remaining ESSER funds were expended for personnel and indoor air quality upgrades.
- All-day preschool programs were implemented during the 2023-2024 school year.
- The District received a Grow Your Own grant to award local individuals pursuing college coursework.

# <u>INDEPENDENT SCHOOL DISTRICT NO. 518</u> <u>MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)</u> <u>FOR THE YEAR ENDED JUNE 30, 2024</u>

### **OVERVIEW OF THE FINANCIAL STATEMENTS**

The financial section of the annual report consists of four parts - Independent Auditor's Report, required supplementary information which includes the Management's Discussion and Analysis (this section), the basic financial statements, and supplemental information. The basic financial statements include two kinds of statements that present different views of the District:

- The first two statements are government-wide financial statements that provide both short-term and long-term information about the District's overall financial status.
- The remaining statements are fund financial statements that focus on individual parts of the District, reporting the District's operations in more detail than the government-wide statements.
- The governmental funds statements tell how basic services such as regular and special education were financed in the short term as well as what remains for future spending.
- Fiduciary funds statements provide information about the financial relationships in which the District acts solely as a trustee or agent for the benefit of others to whom the resources belong.

The financial statements also include notes that explain some of the information in the statements and provide more detailed data.

#### **Government-Wide Statements**

The government-wide statements, (Statement of Net Position and Statement of Activities) report information about the District as a whole using accounting methods similar to those used by privatesector companies. The Statement of Net Position includes all of the District's assets and deferred outflows of resources and liabilities and deferred inflows of resources, with the difference between the two reported as net position. All of the current year's revenues and expenses are accounted for in the Statement of Activities regardless of when cash is received or paid.

The two government-wide statements report the District's net position and how it has changed. Net position - the difference between the District's assets and liabilities - is one way to measure the District's financial health.

- Over time, increases or decreases in the District's net position are indicators of whether its financial position is improving or deteriorating, respectively.
- To assess the overall health of the District additional non-financial factors such as changes in the District's property tax base and the condition of school buildings and other facilities need to be considered.

In the government-wide financial statements, the District's activities are shown in one category titled "governmental activities":

• Governmental activities - Most of the District's basic services are included here, such as regular and special education, transportation, administration, food services, and community education. Property taxes and state aids finance most of these activities.

#### **OVERVIEW OF THE FINANCIAL STATEMENTS (Continued)**

### **Fund Financial Statements**

The fund financial statements provide more detailed information about the District's funds - focusing on its most significant or "major" funds - not the District as a whole. Funds are accounting devices the District uses to keep track of specific sources of funding and spending on particular programs.

For Minnesota schools, funds are established in accordance with Uniform Financial Accounting and Reporting Standards in accordance with statutory requirements and accounting principles generally accepted in the United States of America.

- · Some funds are required by State law and bond covenants.
- The District establishes other funds to control and manage money for particular purposes (e.g., repaying its long-term debts) or to show proper utilization of certain revenues (e.g., federal grants).

The District maintains two kinds of funds:

- Governmental funds Most of the District's basic services are included in governmental funds, which generally focus on (1) how cash and other financial assets that can readily be converted to cash flow in and out and (2) the balances left at year end that are available for spending. Consequently, the governmental funds statements provide a detailed short-term view that helps to determine whether there are more or less financial resources that can be spent in the near future to finance the District's programs. Because this information does not encompass the additional long-term focus of the government-wide financial statements, we provide additional information on separate statements that explain the relationship (or differences) between them.
- Fiduciary funds The District is the trustee, or fiduciary, for the District 518 Foundation Trust fund. The District is responsible for ensuring that the assets reported in these funds are used only for their intended purposes and by those to whom the assets belong. All of the District's fiduciary activities are reported in a separate Statement of Fiduciary Net Position and a Statement of Changes in Fiduciary Net Position. We exclude these activities from the government-wide financial statements because the District cannot use these assets to finance its operations.

### FINANCIAL ANALYSIS OF THE DISTRICT AS A WHOLE

Net position. The District's combined net position was \$71,765,590 on June 30, 2024. (See Table A-l.)

### Table A-1 Independent School District No. 518 Net Position-Governmental Activities As of June 30

Darcantaga

		2024		2023	Change

Unrestricted	_	(1,093,866)		(7,123,533)	(84.64%)
Total net position	\$	71,765,590	\$	61,667,708	16.37%

The District's financial position increased during the year.

**Changes in net position.** The District's total revenues were \$76,337,617 for the year ended June 30, 2024. Property taxes and state formula aid accounted for 54.7% of total revenue for the year. (See Table A-2.) Another (3.9%) came from other general revenues combined with investment earnings and the remainder from program revenues.

The total cost of all programs and services was \$65,932,132. The District's expenses are predominantly related to educating and caring for students (81.5%).

Total revenues exceeded expenditures, increasing net position \$10,097,882 from last year.

### FINANCIAL ANALYSIS OF THE DISTRICT AS A WHOLE (Continued)

### Changes in net position (continued)

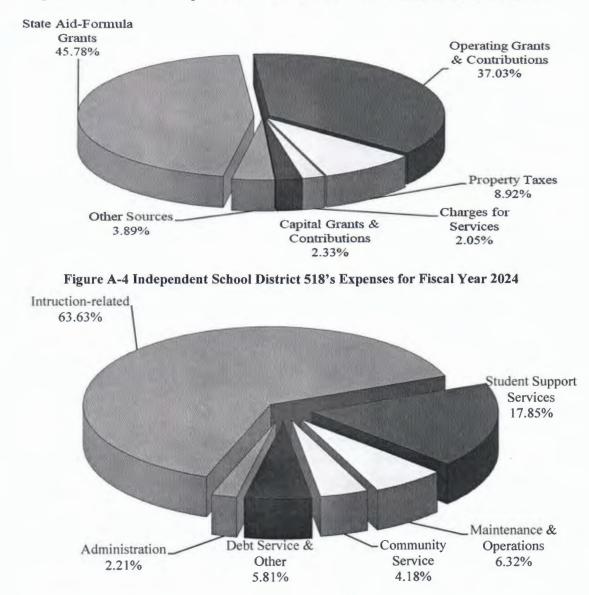

Table A-2 is similar to the fund financial statements except it is presented on an accrual basis of accounting, and it includes all of the governmental activities of the District. It also includes depreciation expense and excludes capital asset purchase costs, debt issuance proceeds and the repayment of debt principal.

### FINANCIAL ANALYSIS OF THE DISTRICT AS A WHOLE (Continued)

Figure A-3 Sources of Independent School District 518's Revenues for Fiscal Year 2024

- The cost of all governmental activities this year was 65,932,132.
- Some of the cost was paid by the users of the District's programs \$1,563,589.
- The federal and state governments subsidized certain programs with grants and contributions (\$28,266,790 operating, \$1,778,477 capital).
- Most of the District's costs (\$34,323,276), however, were paid for by District taxpayers and the taxpayers of our state. This portion of governmental activities was paid for with \$6,806,821in property taxes, the remainder, \$27,516,455 with state aid based on the statewide education aid formula, and with investment earnings and other general revenues.

-9-

### FINANCIAL ANALYSIS OF THE DISTRICT AS A WHOLE (Continued)

Table A-3 Independent School District No. 518 Net Cost of Governmental Activities For the Year Ended June 30

	2024					2023
		Total CostNet Costof Servicesof Services		_	Net Cost of Services	
District and school administration	\$	1,458,301	\$	1,435,292	\$	1,169,456
District support services		1,802,812		1,495,339		1,166,908
Regular instruction		32,440,471		18,058,491		4,632,707
Exceptional instruction		8,585,234		1,641,654		968,985
Vocational instruction		930,046		874,882		618,147
Instructional support services		3,858,079		2,778,122		3,097,500
Pupil support services		7,914,090		2,945,098		2,170,510
Site, buildings and equipment		4,163,861		2,372,308		2,778,184
Fiscal and other fixed cost programs		2,024,727		1,737,983		1,708,862
Community education and services	_	2,754,511	_	984,107		(58,896)
Total	\$	65,932,132	\$_	34,323,276	\$	18,252,363

The total cost of district services was \$65,932,132 as compared to the prior year total cost of district services of \$44,990,800, an increase of \$20,941,332.

When program specific revenues are considered, the net service cost was \$34,323,276, which represents an increase of \$16,070,913 the prior year. The large increase resulted from significant variations in the GASB 68 pension adjustments (\$3,681,762 for 2024 versus \$9,039,553 for 2023).

#### FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS

The financial performance of the District as a whole is reflected in its governmental funds. As the District completed the year, its governmental funds reported a combined fund balance of \$52,941,387, an increase of \$7,335,848 from the June 30, 2023, combined fund balance of \$45,605,539, a 16.1% increase.

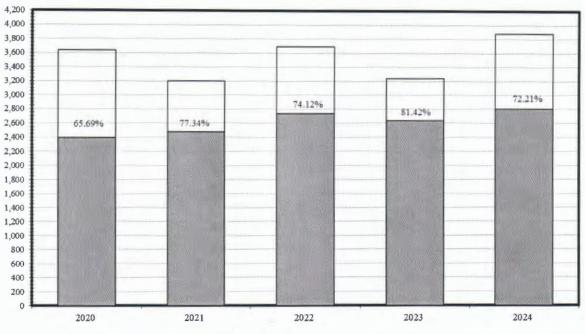

Revenues for the District's governmental funds were \$76,059,746, while total expenditures were \$68,986,220.

### FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS (Continued)

### **General Fund**

The General Fund includes the primary operations of the District in providing educational services to students from pre-kindergarten through grade 12, including pupil transportation activities and capital outlay projects.

The following graph shows the total number of students enrolled over the last five years.

#### Students (Average Daily Membership)

Caucasian Students Non Caucasian Students

Over the past few years, the District has seen an increase in enrollment. Fiscal Year 2020 and 2021 decreases occurred with a restructuring of the District's online education program and the COVID 19 Pandemic. In Fiscal Year 2022 the enrollment in seat based and online education programs rebounded. In fiscal year 2023 the enrollment decline resulted from the closure of the online program which was resumed in 2024, increasing enrollment by over 550 students.

Based on the District's birth to age 5 census counts and enrollment projections, we anticipate small seat based enrollment decreases the next few years due to graduating classes larger than kindergarten enrollments.

The chart above includes the on-line program students for the 2020 through 2022 years, and 2024. Without those students being represented in the calculation the non-Caucasian student population increases to 85.20 percent for seat-based students.

### FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS (Continued)

#### **General Fund (continued)**

The following schedule presents a summary of General Fund revenues (including operating, pupil transportation, and capital expenditure accounts).

						Amount of	Percent
		Year Ended		Year Ended		Increase	Increase
	J	une 30, 2023	Jı	une 30, 2024	(	Decrease)	(Decrease)
Local sources							
Property taxes	\$	4,134,288	\$	3,904,931	\$	(229,357)	(5.55%)
Interest earnings		1,221,085		1,860,373		639,288	52.35%
Other		1,797,571		1,918,185		120,614	6.71%
State sources		43,728,889		53,759,237		10,030,348	22.94%
Federal sources	_	4,859,872	_	4,415,603	_	(444,269)	(9.14%)
Total revenues	\$	55,741,705	\$	65,858,329	\$	10,116,624	18.15%
Other financing sources							
Land and equipment sales		33,525		50		(33,475)	(99.85%)
Lease of right-to-use asset	S	4,029		-		(4,029)	(100.00%)
Insurance claim payments	-		_	262,272	_	262,272	NA
Total	\$_	55,779,259	\$	66,120,651	\$_	10,341,392	18.54%

Total General Fund revenue and other financing sources increased by \$10,341,392 or 18.54% from the previous year. Basic general education revenue is determined by a state per student funding formula. Other state-authorized revenue including excess levy referendum and the property tax shift involve an equalized mix of property tax and state aid revenue. Therefore, the mix of property tax and state aid can change significantly from year to year without any net change on revenue.

### FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS (Continued)

### **General Fund (continued)**

The following schedule presents a summary of General Fund Expenditures (including operating, pupil transportation, and capital expenditure accounts).

	Year Ended Year Ended June 30, 2023 June 30, 2024			Amount of Increase Decrease)	Percent Increase (Decrease)

Benefits		8,541,661		9,776,178		1,234,517	14.45%
Purchased Services		9,244,965		11,449,080		2,204,115	23.84%
Supplies, Materials and							
Equipment		5,895,156		6,412,376		517,220	8.77%
Other	_	8,249,617	_	366,193	_	(7,883,424)	(95.56%)
Total	\$	59,385,577	\$	58,782,535	\$	(603,042)	(1.02%)

Total General Fund expenditures decreased \$603,042 or 1.02% from the previous year. The prior year had significant expenditures for buildings and equipment.

In fiscal 2024, salaries increased 12.11% with the addition of staff to meet the needs of increased enrollment. Employee benefits increased by 14.45%. The District continues to investigate cost containment measures to minimize the effect of rising insurance premiums on the District's employee compensation packages.

In 2023-2024, General Fund revenues exceeded expenditures and other financing sources by \$7,338,116. After deducting statutory restrictions and assigned fund balances, the unassigned fund balance increased from \$12,209,091 at June 30, 2023, to \$13,515,615 at June 30, 2024.

# INDEPENDENT SCHOOL DISTRICT NO. 518 MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED) FOR THE YEAR ENDED JUNE 30, 2024

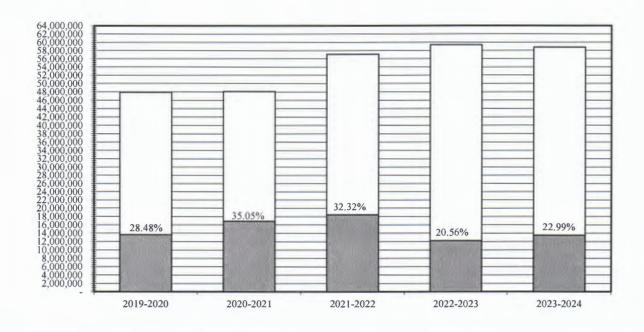

### FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS (Continued)

#### **General Fund (continued)**

The following graph shows the General Fund unassigned fund balance as a percentage of expenditures.

### General Fund Unassigned Fund Balance as a Percent of Expenditures

The graph above is the single best measure of overall financial health. The unassigned fund balance of \$13,515,615 at June 30, 2024, represents 22.99% of annual expenditures or eleven weeks of operations. Given the current state funding legislation and other economic conditions, the District will continue to monitor its spending and fund balances closely.

	2018-2019	2019-2020	2020-2021	2021-2022	2022-2023	2023-2024
Unassigned fund balance	\$ 14,597,990	\$ 13,633,119	\$ 16,856,634	\$ 18,458,205	\$ 12,209,091	\$ 13,515,615
% Increase (decrease)	9.06%	(6.61%)	23.64%	9.50%	(33.86%)	10.70%
Expenditures	\$ 45,149,112	\$ 47,872,541	\$ 48,097,733	\$ 57,107,612	\$ 59,385,577	\$ 58,782,535
% Increase (decrease)	15.64%	6.03%	6.53%	19.29%	3.99%	(1.02%)

#### FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS (Continued)

#### **General Fund Budgetary Highlights**

Over the course of the year, the District revised the annual operating budget. The budget amendments fall into two categories:

- Implementing budgets for specially funded projects, which include both federal and state grants, debt refunding, and budgeting for clearing, resale, and gifts.
- · Increases in appropriations for significant unbudgeted costs.

	 Original Budget	 Final Budget	 Increase (Decrease)	Percent Change
Revenue	\$ 57,740,000	\$ 63,754,520	\$ 6,014,520	10.42%
Expenditure	\$ 58,975,000	\$ 61,193,000	\$ 2,218,000	3.76%
Other financing sources (uses)	\$ 50,000	\$ 191,480	\$ 141,480	282.96%

While the District's final budget for the general fund anticipated that revenues and other financing sources would exceed expenditures and other financing uses by \$2,683,000, the actual results for the year show that revenues and other financing sources would exceed expenditures and other financing uses by \$7,338,116.

- Actual revenues were \$2,173,809 more than expected, a variance of 3.30%, due to local and state source revenues being more than expected.
- The actual expenditures were \$2,410,465 under budget or a 4.10% variance. Of this amount the regular instruction and capital outlay accounted for 68.23% of the variance.

### **Other Governmental Funds**

The Food Service Fund revenues and other financing uses exceeded expenditures and other financing sources by \$90,450 compared to a budgeted decrease of \$174,000. The Food Service fund balance increased to \$1,155,262 or 35.02% of annual operating expenditures. The State of Minnesota legislation that mandated free breakfast and lunch for all students began in 2023-2024. Increased free and reduced lunch eligibility helps the Food Service fund to continue to operate on a sound financial basis.

The Community Service Fund expenditures exceeded revenues by \$133,551 leaving a year-end fund balance of \$1,151,320 or 53.71% of annual expenditures.

The Debt Service Fund revenues and other financing sources exceeded expenditures and other financing uses by \$31,890 compared to a budgeted decrease of \$410,000. The fund balance increased to \$10,040,071 at June 30, 2024, and is available for meeting future debt service obligations.

#### **CAPITAL ASSET AND DEBT ADMINISTRATION**

#### **Capital Assets**

By the end of June 2024, the District had invested \$148,549,153 in a broad range of capital assets, including school buildings, athletic facilities, computer and audio-visual equipment, and administrative offices (See Table A-4). (More detailed information about capital assets can be found in Note 5 to the financial statements.) Depreciation expense of capital assets for the year was \$5,387,679. When the depreciation expense of the leased right-to-use assets is included, the total depreciation expense for the year is \$5,451,057.

The purchase of land, parking lot replacement, technology and custodial equipment were among the capital asset additions for the year. Disposals included the west elementary building demolition and equipment no longer usable for District purposes.

#### Table A-4

Independent School District No. 518

### Capital Assets

Total	\$	107,162,344	\$	109,422,361	\$	(2,260,017)
Depreciation expense	\$	5,451,057	\$	4,561,154	\$	889,903

### **Construction - Next Five Years**

In coordination with the City of Worthington, Nobles County, Minnesota West Community and Technical College, and other partners; the District is assessing community needs for athletic facilities and grounds. The District has committed up to \$5 million for a new ice arena if construction begins before 2029.

Routine maintenance such as replacement of roofs, parking lots and building repairs will be funded through the General Fund using Long-Term Facility Maintenance revenue when appropriate.

The District is considering options for classroom additions and remodeling at the high school to occur within the next three years.

#### CAPITAL ASSET AND DEBT ADMINISTRATION (Continued)

#### **Long-Term** Liabilities

At year-end, the District had \$54,400,000 in general obligation bonds and certificates of participation payable outstanding.

• The District retired \$2,875,000 of outstanding bonds and other long-term debt during 2023-2024.

The District's general obligation bonds carry a rating of AA1.

#### Limitations on Debt

The state limits the amount of general obligation debt the District can issue to 15% of the market value of all taxable property within the District's corporate limits. Our outstanding debt of \$54,400,000 is significantly below this limit which is currently \$481,110,991.

### FACTORS BEARING ON THE DISTRICT'S FUTURE

To meet these financial challenges, the District will continue to utilize the Site Based Budgeting process. This process has been successful in the past and will improve our allocation of resources according to District priorities. The District will strive to maintain its long-standing commitment to academic excellence and educational opportunity for students within a framework of financial fiduciary responsibility.

The District continues to strive to meet Adequate Yearly Progress (AYP) as required by statute. Between 2023 and 2024, District 518 made gains in meeting AYP in some buildings and student groups while failing to meet AYP in areas such as Special Education, Free and Reduced and Limited English Proficiency in certain buildings. Areas considered to not be meeting AYP will be targeted for additional assistance in an effort to bring all groups and subgroups into compliance. The implementation of the READ act and LETRS training will provide resources to meet these goals.

New legislation and regulations along with rising costs and inadequate funding increases will be evaluated as the District strives to maintain financial stability.

The District's Community Service fund, Early Childhood Program, was awarded a Pathways II continuation grant in the amount of \$139,117 and a School Readiness Plus grant of approximately \$325,000 for fiscal year 2025.

# RECONCILIATION OF THE STATEMENT OF

# REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES

### GOVERNMENTAL FUNDS

### TO THE STATEMENT OF ACTIVITIES

# FOR THE YEAR ENDED JUNE 30, 2024

Total net changes in fund balances - governmental funds	\$ 7,335,848
Amounts reported for governmental activities in the statement	
of activities are different because:	
Capital outlays are reported in governmental funds as expenditures.	
However, in the statement of activities, the cost of those assets	
are allocated over the estimated useful lives as depreciation	
expense.	
Capital outlays	3,498,693
Depreciation expense	(5,451,057)
Repayment of debt principal is an expenditure in the governmental	
funds, but the repayment reduces the long term liabilities in the	
statement of net assets.	2,875,000
Interest on long-term debt in the statement of activities differs	
from the amount reported in the governmental funds because	
interest is recognized as an expenditure when it is due, and	
thus requires the use of current financial resources.	
In the statement of activities, however, interest expense is	
is recognized as the interest accrues, regardless of	
when it is due.	24,898

# **INDEPENDENT SCHOOL DISTRICT NO. 518** RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES (CONTINUED)

# FOR THE YEAR ENDED JUNE 30, 2024

In the Statement of Activities, certain operating expenses - pension, other post-employment benefits and compensated absences-are measured by the amounts earned during the year. In the governmental funds, however, expenditures for these		
items are measured by the amount of financial resources used		
(essentially, the amounts actually paid).	\$	2,105,688
Pensions Commenced absorbers	Ŷ	(3,718)
Compensated absences Other post employment benefits		(169,679)
In the statement of activities, only the loss on disposal of capital assets is reported. However, in the governmental funds, proceeds from the disposal increase financial resources.		
Thus, the change in net assets differs from the change in		
fund balance by the net book value of the disposed assets.		(307,653)
Delinquent property taxes receivable will be collected this year, but are not available soon enough to pay for the current		
period's expenditures, and therefore are deferred in the funds.		15,606
Governmental funds report debt premiums and discounts as an other financing source or use at the time of issuance.		
Premiums and discounts are reported net of debt in the		174 256
Government-wide financial statements.	-	174,256
Change in net position - governmental activities	\$	10,097,882

### NOTES TO FINANCIAL STATEMENTS

#### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

- a. Basis of Presentation-
  - Independent School District No. 518 (the District) was formed and operates pursuant to applicable Minnesota laws and statutes. The District is governed by a seven-member school board elected by voters of the District to serve four year terms. The financial statements of the District have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles.
- b. Financial Reporting Entity-
  - Independent School District No. 518 is an instrumentality of the State of Minnesota established to function as an educational institution. The elected School Board (Board) is responsible for legislative and fiscal control of the District. A Superintendent is appointed by the Board and is responsible for administrative control of the district.
  - Accounting principles generally accepted in the United States of America (GAAP) require that the District's financial statements include all funds, departments, agencies, boards, commissions, and other organizations which are not legally separated from the District. In addition, the District's financial statements are to include all component units - entities for which the District is financially accountable.
  - Financial accountability includes such aspects as appointing a voting majority of the organization's governing body, significantly influencing the programs, projects, activities or level of services performed or provided by the organization or receiving specific financial benefits from, or imposing specific financial burden on, the organization. There are no other entities for which the District is financially accountable.
  - Student activities are determined primarily by student participants under the guidance of an adult and are generally conducted outside school hours. The School Board does have a fiduciary responsibility in establishing broad policies and ensuring that appropriate financial records are maintained for student activities.
- c. Basic Financial Statement Presentation-
  - The Government-wide financial statements (i.e. the Statement of Net Position and the Statement of Activities) display information about the reporting government as a whole. These statements include all the financial activities of the District, except for the fiduciary funds. The Fiduciary Funds are only reported in the Statements of Fiduciary Net Position at the Fund Financial Statement level.

### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued):

- c. Basic Financial Statement Presentation (continued)-
  - The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.
  - The District applies restricted resources first when an expense is incurred for purpose for which both restricted and unrestricted net position are available. Depreciation expense that can be specifically identified by function is included in the direct expenses of each function. Interest on long-term debt is considered an indirect expense and is reported separately on the Statement of Activities. Generally, the effect of material interfund activity has been removed from the Government-wide financial statements.
  - Separate fund financial statements are provided for governmental and fiduciary funds. Major individual governmental funds are reported as separate columns in the fund financial statements. Fiduciary funds are presented in the fiduciary fund financial statements by type: pension (or other benefit) trust, investment trust, private-purpose trust, and agency. Since by definition, fiduciary fund assets are being held for the benefit of a third-party and cannot be used for activities or obligations of the District, these funds are excluded from the district-wide statements.
- d. Measurement Focus and Basis of Accounting-
  - The accounting and financial reporting treatment applied is determined by its measurement focus and basis of accounting. The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as is the fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are generally recognized as revenues in the fiscal year for which they are levied, except for amounts advance recognized in accordance with a statutory "tax shift" described later in these notes. Grants and similar items are recognized when all eligibility requirements imposed by the provider have been met.
  - Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this basis of accounting transactions are recorded in the following manner:

### NOTES TO FINANCIAL STATEMENTS (CONTINUED)

### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued):

- d. Measurement Focus and Basis of Accounting (continued)-
  - 1. **Revenue Recognition** Revenue is recognized when it becomes measurable and available. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Property tax revenue is generally considered as available if collected within 60 days after year end. State revenue is recognized in the year to which it applies according to Minnesota Statutes and accounting principles generally accepted in the United States of America. Minnesota Statutes include state aid funding formulas for specific years. Federal revenue is considered available if collected within one year. Food service sales, community education tuition, and other miscellaneous revenue (except investment earnings) are recorded as revenues when received because they are generally not measurable until then. Investment earnings are recorded when earned because they are measurable and available. A six-month period of availability is generally used for other fund revenue.
  - Recording of Expenditures Expenditures are generally recorded when a liability is incurred. However, expenditures are recorded as prepaid for approved disbursements or liabilities incurred in advance of the year in which the item is to be used. Principal and interest on long-term debt issues are recognized on their due dates.
  - The District reports unearned revenue on its statement of net position and balance sheet. Unearned revenues arise when a potential revenue does not meet both the "measurable" and "available" criteria for recognition in the current period. Unearned revenues also arise when resources are received by the District before it has legal claim to them, as when grant monies are received prior to incurring the qualifying expenditures. In subsequent periods when both revenue recognition criteria are met or when the District has legal claim to the resources, the liability for unearned revenue is removed from the statement of net position and balance sheet and revenue is recognized.
  - Private Purpose Trust Funds are reported using the economic resources measurement focus. All fiduciary funds use the accrual basis of accounting as described earlier in these notes.

### Description of Funds-

The existence of the various District funds has been established by the State of Minnesota, Department of Education. The accounts of the District are organized on the basis of funds, each of which is considered a separate accounting entity. A description of the funds included in this report are as follows:

#### Major Governmental Funds-

General Fund - The General Fund is used to account for all financial resources except those required to be accounted for in another fund. It includes the general operations, student activities and pupil transportation activities of the District, as well as the capital related activities such as maintenance of facilities equipment purchases, health and safety projects, and disabled accessibility projects.

#### -35-

# INDEPENDENT SCHOOL DISTRICT NO. 518 NOTES TO FINANCIAL STATEMENTS (CONTINUED)

### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued):

d. Measurement Focus and Basis of Accounting (continued)-

Description of Funds (continued)-

Major Governmental Funds (continued)-

- Food Service Special Revenue Fund The Food Service Fund is used to account for food service revenues and expenditures. Revenues recorded in this fund include meal sales to pupils along with state and federal reimbursements for meals.
- Community Service Special Revenue Fund The Community Service Fund is used to account for services provided to residents in the areas of recreation, civic activities, nonpublic pupils, veterans, adult or early childhood programs, or other similar services. Revenues recorded in this fund include property taxes restricted for Community Service purposes and tuition and fees charged for Community Education.
- Capital Projects Building Construction Fund The Capital Projects Building Construction Fund is used to account for financial resources used for the acquisition or construction of major capital facilities. The Fund was established for building construction activity authorized by specific bond issues.
- Debt Service Fund The Debt Service Fund is used to account for the accumulation of resources for, and payment of general long-term obligation bond principal, interest, and related costs. The regular debt service account is used for all general obligation bond debt service, except for refunding bond issues, for which a separate refunding bond trust account has been established.

Fiduciary Fund Types-

- Private Purpose Trust Fund The Foundation Private Purpose Trust Fund is used to account for resources held in trust to be used by various other third parties.
- e. Deferred Outflows/Inflows of Resources-
  - In addition to assets, the Statement of Financial Position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources(expense/expenditure) until that time. The District has two items that qualify for reporting in this category. Deferred outflows related to pension activity reported in the government-wide statement of net position. A deferred outflow relating to pension activity results from the difference between actual and expected economic experience, changes in actuarial assumptions and employer contributions subsequent to the measurement date. Deferred outflows of resources related to OPEB is recorded for various estimate differences that will be amortized and recognized over future years.

### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued):

- e. Deferred Outflows/Inflows of Resources (continued)-
  - In addition to liabilities, the Statement of Financial position and fund financial statements report a separate section for deferred inflows of resources. This separate financial statement element represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. Unavailable revenue from property taxes, arises under a modified accrual basis of accounting and is reported only in the governmental funds balance sheet. Delinquent property taxes not collected within 60 days of year-end are deferred and recognized as an inflow of resources in the governmental funds in the period the amounts become available. Property taxes levied for subsequent years, which represent property taxes received or reported as a receivable before the period for which the taxes are levied, and is reported as a deferred inflow of resources in both the government-wide statement of net position and the governmental funds balance sheet. Property taxes levied for subsequent years are deferred and recognized as an inflow of resources in both the government-wide financial statements and governmental fund financial statements in the year for which they are levied. Deferred inflows related to pension and OPEB activity as a result of the net difference between projected and actual earnings on plan investments and changes in proportionate share.

#### f. Budgeting-

- Budgets presented in this report for comparison to actual amounts are presented in accordance with accounting principles generally accepted in the United States of America. Each June, the School Board adopts an annual budget for the following fiscal year for the General, Food Service, Community Service, Capital Projects – Building Construction, and Debt Service Funds. The approved budget is published in summary form in the District's legal newspaper. Reported budget amounts represent the amended budget as adopted by the School Board. Legal budgetary control is at the fund level.
- Procedurally, in establishing the budgetary data reflected in these financial statements, the Superintendent submits to the School Board prior to July 1, a proposed operating budget for the fiscal year commencing July 1. The operating budget includes proposed expenditures and the means to finance them. The budget is legally enacted by School Board action. Revisions to the budgeted amounts must be approved by the School Board. Individual amendments were not material in relation to the original appropriations.
- Total Fund expenditures in excess of the budget require approval of the School Board. Spending control is established by the amount of expenditures budgeted for the fund, but management control is exercised at line item levels.
- Budget provisions for the Debt Service Fund are set by state law governing required debt service levels.
- At the end of each fiscal year, if the General Fund has a net unassigned deficit balance, calculated in accordance with the uniform financial accounting and reporting standards for Minnesota school districts which includes certain restrictions specified in Minnesota statutes, exceeding 2.5% of expenditures, a condition referred to as "statutory operating debt" exists. That debt requires retirement through the accumulation of subsequent operating surpluses in accordance with a "special operating plan" approved by the Commissioner of Education.

### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued):

- g. Cash and Investments-
  - Cash balances from all funds are combined and invested to the extent available in various securities as authorized by Minnesota Statutes. Earnings from the pooled investments are allocated to the respective funds on the basis of applicable cash balance participation by each fund. Earnings from the investments of the Private Purpose Trust Funds are allocated directly to those funds/accounts.
  - Investments are stated at their fair value as determined by quoted market prices, except for money market investments and participating interest-earning investment contracts that have a remaining maturity at time of purchase of one year or less which are recorded at amortized cost, provided that the fair value of those investments is not significantly affected by the impairment of the credit standing of the issuer or by other factors. Money market investments are short-term, highly liquid debt instruments including commercial paper, banker's acceptances, and U.S. Treasury and agency obligations. Investments in external investment pools operated in a manner consistent with the SEC's Rule 2a7 of the Investment Act of 1940 are valued at the pool's share price.
- h. Accounts Receivable-
  - Accounts receivable represents amounts receivable from individuals, firms, and corporations for goods and services furnished by the District. No substantial losses are anticipated from present receivable balances, therefore, no allowance for uncollectible accounts is deemed necessary. The only receivables not expected to be collected within one year are delinquent property taxes receivable.
- i. Inventories-

Inventories are recorded using the purchase method of accounting and consist of purchased food, supplies, and surplus commodities received from the federal government. Food and supply purchases are recorded at invoice cost, computed on a first-in, first-out method, and surplus commodities are stated at standardized costs, as determined by the U.S. Department of Agriculture.

j. Prepaid Items-

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items. Prepaid items are reported using the consumption method and recorded as an expenditure at the time of consumption.

# 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued):

- k. Property Taxes-
  - Property tax levies are established by the School Board in December each year and are certified to the County by December 28, for collection the following calendar year. Those taxes become a lien against properties on January 1. In Minnesota, counties act as collection agents for all property taxes and are responsible for spreading all levies over taxable property. Such taxes become a lien on January 1. Taxes are generally due on May 15 and October 15 and counties generally remit taxes to the Districts at periodic intervals as they are collected. A portion of property taxes levied is paid through the state credits which are included in revenue from state sources in the financial statements.
  - Property taxes levied for subsequent year's expenditures consist principally of property taxes levied in the current year which will be collected and recognized as revenue in the District's following year to properly match those revenues with the budgeted expenditures for which they were levied. This amount is equal to the amount levied by the School Board in December 2023, less various components and their related adjustments as mandated by the state. These portions of that levy were recognized as revenue in fiscal year 2024. The remaining portion of the levy will be recognized when measurable and available.
  - Taxes which remain unpaid are classified as delinquent taxes receivable. Revenue from these delinquent property taxes that is not collected within 60 days of year end is deferred because it is not known to be available to finance the operations of the District in the current year. No allowance for uncollectible taxes is considered necessary. Current levies of local taxes, less the amount recognized as revenue in the current period, including portions assumed by the State which will be recognized as revenue in the next fiscal year beginning July 1, 2024 are included in the Property Taxes Levied for Subsequent Year account to indicate that, while they are current assets, they will not be recognized as revenue until the following year.
- I. Capital Assets-
  - Capital assets are capitalized at historical cost, or estimated historical cost for assets where actual historical cost is not available. Donated assets are recorded as capital assets at their estimated fair market value at the date of donation. The District maintains a threshold level of \$2,000 or more for capitalizing capital assets. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.
  - Capital assets are recorded in the Government-wide financial statements, but are not reported in the Fund financial statements. Capital assets are depreciated using the straight-line method over their estimated useful lives. Since surplus assets are generally sold for an immaterial amount or scrapped when declared as no longer fit or needed for public school purposes by the District, no salvage value is taken into consideration for depreciation purposes. Useful lives vary from 20 to 50 years for land improvements and buildings, and 5 to 20 years for equipment.

Capital assets not being depreciated include land and any construction in progress.

The District does not possess any material amounts of infrastructure capital assets, such as sidewalks and parking lots. Such items are considered to be part of the cost of buildings or other improvable property.

#### -39-

# INDEPENDENT SCHOOL DISTRICT NO. 518

### NOTES TO FINANCIAL STATEMENTS (CONTINUED)

### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued):

- m. Long-Term Obligations-
  - In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities. Bond premiums and discounts are deferred and amortized over the life of the bonds using the straight-line method.
  - In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.
- n. Vacation Pay-
  - Under the terms of contracts, certain employees accrue vacation at varying rates, portions of which may be carried over to future years. Employees are reimbursed for any unused, accrued vacation upon termination. Vacation pay is accrued when incurred in the district-wide and all fiduciary fund financial statements. Vacation pay is accrued in governmental fund financial statements only when it has matured due to employee termination or similar circumstances.
- o. Sick Pay-

Substantially all District employees are entitled to sick leave at various rates.

- p. Other Postemployment Health Care Benefits-
  - In addition to retirement benefits, the District provides post-retirement medical insurance benefits to teachers, administrators, principals, food service workers, custodians and clerical employees, in accordance with their respective master employment agreements. The eligibility for, amount of, duration of, and District's contribution to the cost of the benefits provided varies by contract and date of retirement.
- q. Restricted Assets-
  - Restricted assets are cash and cash equivalents whose use is limited by legal requirements such as a bond indenture. Restricted assets are reported only in the government-wide financial statements.

#### NOTES TO FINANCIAL STATEMENTS (CONTINUED)

#### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued):

- r. Fund Balance-
  - In the fund financial statements, governmental funds report fund balances in classifications that disclose constraints for which amounts in those funds can be spent. These classifications are as follows:
    - Nonspendable resources that are not in spendable form or have legal or contractual requirements to maintain the balance intact.
    - Restricted resources that have purpose constraints placed upon them by laws, regulations, creditors, grantors, or other external parties and are considered available only for the purpose for which they were received.
    - Committed resources that are constrained for specific purposes that are internally imposed by the District at its highest level of decision making authority, the Board of Education. With an affirmative vote of its members, the Board of Education may create, modify, or rescind funds for which resources are committed to the established purpose of that fund.
    - Assigned resources that are intended to be used for specific purposes as approved through the District's formal purchasing procedure by the Treasurer. Through the District's purchasing policy, the Board of Education has given the Treasurer the authority to constrain monies for the intended purpose.
    - Unassigned residual fund balance within the general fund that is in spendable form and is not restricted, committed, or assigned.
  - When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, it is the District's policy to use restricted first, then unrestricted fund balance.
  - When an expenditure is incurred for purposes for which committed, assigned, and unassigned amounts are available, it is the District's policy to use committed first, then assigned, and finally unassigned amounts.
  - The school district will strive to maintain a minimum unassigned general fund balance of 10% percent of the annual budget at the end of the fiscal year.
- s. Risk Management-
  - The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; natural disasters; and workers' compensation for which it carries commercial insurance. Settled claims have not exceeded this commercial coverage in any of the past three fiscal years. There were no significant reductions in the District's insurance coverage in fiscal year 2024.

### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued):

- t. Net Position-
  - Net position represents the difference between assets, deferred inflows/outflows, and liabilities in the Government-wide and fiduciary fund financial statements. Net investment in capital assets, consists of capital assets, net of accumulation depreciation, reduced by the outstanding balance of any long-term debt used to build or acquire the capital assets. Net position is reported as restricted in the Government-wide financial statements when there are limitations imposed on their use through external restrictions imposed by creditors, grantors, or laws or regulations of other governments.

#### u. Use of Estimates-

- The preparation of financial statements, in conformity with accounting principles generally accepted in the United States of America, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenditures/expenses during the reporting period. Actual results could differ from those estimates.
- v. Functional Allocation of Expenses-
  - The costs of various programs and supporting services have been summarized on a functional basis. Accordingly, certain costs have been allocated among the programs and supporting services benefited.
- w. Pensions-
  - For purposes of measuring the net pension liability, deferred outflows/inflows of resources, and pension expense, information about the fiduciary net position of the Teachers Retirement Association (TRA) and Public Employees Retirement Association (PERA) and additions to/deductions from TRA's and PERA's fiduciary net position have been determined on the same basis as they are reported by TRA and PERA. For this purpose, plan contributions are recognized as of employer payroll paid dates and benefit payments and refunds are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

# INDEPENDENT SCHOOL DISTRICT NO. 518 NOTES TO FINANCIAL STATEMENTS (CONTINUED)

### 2. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY:

a. Excess of Expenditures Over Budget-

	Budget	Expenditures	Amount
Community Services Fund	\$ 1,940,000	\$ 2,143,494	\$ (203,494)

No remedial action is deemed necessary for the Community Services fund as there is sufficient fund balance.

	Budget	Expenditures	Amount		
Debt Service Fund	\$ 4,760,000	\$ 4,761,400	\$ (1,400)		

No remedial action is deemed necessary for Trust Fund as future revenues will eliminate this deficit.

	_	Budget	Exp	enditures	Amount		
Trust Fund	\$	40,000	\$	45,540	\$	(5,540)	

No remedial action is deemed necessary for Trust Fund as there is sufficient fund balance.

b. Revenues Under Budget-

No Funds had revenues that were under budgets for the year ended June 30, 2024.

### 3. DEPOSITS AND INVESTMENTS:

a. Deposits-

In accordance with applicable Minnesota Statutes, the District maintains deposits at depository banks authorized by the School Board.

- Minnesota Statutes require that all District deposits be protected by insurance, surety bond, or collateral. The market value of collateral pledged must equal 110% of the deposits not covered by insurance or bonds.
- Authorized collateral includes treasury bills, notes and bonds; issues of U.S. Government agencies; general obligations rated "A" or better; revenue obligations rated "AA" or better; irrevocable standard letters of credit issued by the Federal Home Loan Bank; and certificates of deposit. Minnesota statutes require that securities pledged as collateral be held in safekeeping in a restricted account at the Federal Reserve Bank or in an account at a trust department of a commercial bank or other financial institution that is not owned or controlled by the financial institution furnishing the collateral.
- *Custodial Credit Risk Deposits.* Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. The government does not have a deposit policy for custodial credit risk. As of June 30, 2024, none of the District's bank balance of \$14,150,035 was exposed to custodial credit risk. No amounts were uninsured or under collateralized.

### NOTES TO FINANCIAL STATEMENTS (CONTINUED)

### 3. DEPOSITS AND INVESTMENTS (Continued):

- b. Investments-
  - The District may also invest idle funds as authorized by Minnesota Statutes, as follows: direct obligations or obligations guaranteed by the United States or its agencies; shares of investment companies registered under the Federal Investment Company Act of 1940 that receive the highest credit rating, are rated in one of the two highest rating categories by a statistical rating agency, and all of the investments have a final maturity of thirteen months or less; general obligations rated "A" or better; revenue obligations rated "AA" or better; general obligations of the Minnesota Housing Finance Agency rated "A" or better; bankers' acceptances of United States' banks eligible for purchase by the Federal Reserve System; commercial paper issued by United States' corporations or their Canadian subsidiaries, of the highest quality category by at least two nationally recognized rating agencies, and maturing in 270 days or less; Guaranteed Investment Contracts guaranteed by a United States commercial bank, domestic branch of a foreign bank, or a United States insurance company, and with a credit quality in one of the top two highest categories; repurchase or reverse purchase agreements and securities lending agreements with financial institutions qualified as a "depository" by the government entity, with banks that are members of the Federal Reserve System with capitalization exceeding \$10,000,000; a primary reporting dealer in U.S. government securities to the Federal Reserve Bank of New York, or certain Minnesota securities broker-dealers.

The District's investments are potentially subject to various risks including the following:

- Custodial credit risk The risk that in the event of a failure of the counterparty to an investment transaction (typically a broker) the government would not be able to recover the value of the investment or collateral securities.
- Credit risk The risk that an issuer or other counterparty to an investment will not fulfill its obligations.

The District has no internal policies that limit deposits on investment choices or address these potential risks beyond the statutory limitations described above.

- Concentration risk Investing 5 percent or more of the District's portfolio in the securities of a single issuer.
- Interest rate risk The risk of potential variability in the fair value of fixed rate investments resulting from changes in interest rates (the longer the period for which an interest rate is fixed, the greater the risk).

## NOTES TO FINANCIAL STATEMENTS (CONTINUED)

### 3. DEPOSITS AND INVESTMENTS (Continued):

- b. Investments (continued)-
  - The following table presents the District's investment balances at June 30, 2024 and information relating to potential investment risks:
  - The Minnesota School District Liquid Asset Fund is an external investment pool not registered with the Securities Exchange Commission (SEC) that follows the same regulatory rules of the SEC under rule 2a7. The fair value of the position in the pool is the same as the value of the pool shares.

### NOTES TO FINANCIAL STATEMENTS (CONTINUED)

#### 3. DEPOSITS AND INVESTMENTS (Continued):

- c. Fair Value Measurements-
  - The District uses fair value measurements to record fair value adjustments to certain assets and liabilities and to determine fair value disclosures.
  - The District follows an accounting standard which defines fair value, establishes a framework for measuring fair value, establishes a fair value hierarchy based on the quality of inputs used to measure fair value, and requires expanded disclosures about fair value measurements. In accordance with the standard, the District has categorized its investments, based on the priority of the inputs to the valuation technique, into a three-level fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). If the inputs used to measure the financial instruments fall within different levels of the hierarchy, the categorization is based on the lowest level input that that is significant to the fair value measurement of the instrument.
  - Financial assets and liabilities recorded of the combined statements of financial position are categorized based on the inputs to the valuation techniques as follows:
    - Level 1 Financial assets and liabilities are valued using inputs that are unadjusted quoted prices in the active markets accessible at the measurement date of identical financial assets and liabilities.
    - Level 2 Financial assets and liabilities are valued based on quoted prices for similar assets or inputs that are observable, either directly or indirectly, for substantially the full term through corroboration with observable market data.
    - Level 3 Financial assets and liabilities are valued using pricing inputs which are unobservable for the asset, inputs that reflect the reporting entity's own assumptions about the assumptions market participants would use in pricing the asset.

Assets of the District measured at fair value on a recurring basis:

Investment	Level 1		Level 2		Le	vel 3	Total		
Municipal Bonds	\$	-	\$	9,008,849	\$	-	\$	9,008,849	
Mutual Funds		13,664,982		-		-		13,664,982	
Equities		30,639,697		-	-	-		30,639,697	
Total	\$	44,304,679	\$	9,008,849	\$	-	\$	53,313,528	

### 4. LEASE RECEIVABLE:

The District had a lease receivable for a lease of farm ground that expired February 29, 2024. The amount of that receivable was its present value of the lease payments expected to be received during the lease term. Under the lease agreement the payments were variable depending on the number of farmable acres.

	\$ 5,451,057

#### -47-

# INDEPENDENT SCHOOL DISTRICT NO. 518 NOTES TO FINANCIAL STATEMENTS (CONTINUED)

### 6. RIGHT TO USE LEASED ASSETS:

Right to use asset activity for the year ended June 30, 2024, was as follows:

Governmental Activities:

	E	Beginning						Ending
	Balance		I	ncreases	Decreases		Balance	
Leased right-to-use assets	\$	149,346	\$	-	\$	-	\$	149,346
Accumulated amortization		85,968		63,378		-		149,346
	\$	63,378	\$	(63,378)	\$	-	\$	-

### 7. LONG-TERM LIABILITIES:

a. General Obligation School Building Bonds and Certificates of Participation-

The District currently has the following General Obligation School Building Bonds and Certificates of Participation outstanding:

Issue	Issue Date	Interest Rates	Final Maturity	C	Principal Dutstanding
	TODAE D'ATE				0
General Obligation Refunding					
Alternative Facilities Bonds	6/2/2016	2.00%-2.25%	2/1/2030	\$	2,670,000
General Obligation					
School Building Bonds	12/20/2019	2.00%-4.00%	2/1/2040		10,000,000
General Obligation Refunding					
School Building Bonds	12/20/2019	2.20%-3.45%	2/1/2041		8,900,000
General Obligation					
School Building Bonds	1/31/2020	3.00%-5.00%	2/1/2040		24,010,000
Certificates of Participation	8/30/2017	4.00%	2/1/2045		8,820,000
Total general obligation bo	onds			\$	54,400,000

Assets of the Debt Service Fund, together with scheduled future ad valorem tax levies are dedicated for the retirement of these bonds. The annual future debt service levies authorized are equal to 105% of the principal and interest due each year. These levies are subject to reduction if fund balance amounts exceed limitations imposed by Minnesota law.

The General Obligation School Building Bonds and Certificates of Participation require semiannual payments of principal and/or interest from the date the bonds were issued.

In August 2017, the District issued \$10,340,000 of Certificates of Participation, Series 2017A. The proceeds of this issue and interest earned thereon will be used to construct a new building housing the Area Learning Center and provide a permanent facility for Gymnastics participation. These Certificates of Participation are under an advance refunding that converts them to a voter approved school building issue with the semiannual payments being made from the escrow funds to their call date of February 1, 2026.

### NOTES TO FINANCIAL STATEMENTS (CONTINUED)

## 7. LONG-TERM LIABILITIES (Continued):

- a. General Obligation School Building Bonds and Certificates of Participation (continued)-
  - In November 2019, the voters of the District approved the issuance of three bond issues. The first was to refund the 2017A Certificates of Participation in the amount of \$10,065,000. The second was to construct a new two grade intermediate school in the amount of \$26,005,000. The third was to expand the new intermediate school to three grades in the amount of \$10,000,000.
- b. Bond Premiums-

Bond premiums are amortized using the straight line method over the life of the bonds.

Issue	Issue Date	Bo	ond Premium	Final Maturity	Ar	2024 nortization
General Obligation Refunding						
School Building Bonds	11/1/2013	\$	424,863	2/1/2024	\$	27,411

### 8. LEASES:

a. Short-term Leases-

The District leases the Memorial Auditorium facility for District programs through June 30, 2024. Rental expense for the year ended June 30, 2024, for this short term lease was 33,784.

- b. Long-term Leases-
  - The District entered an agreement to lease copiers commencing July 1, 2022. Under the terms of the leases, the District pays a monthly equipment lease fee. In addition, the District also pays a maintenance cost fee that is based on an estimate of the number of copies produced. Periodically, a reconciliation of the actual copy count versus estimates is done and any overage is billed separately. The maintenance cost is treated as an ordinary operating cost.
  - At June 30, 2024, the District recognizes a right-to-use asset value that has been fully amortized and has no remaining lease liability. During the 2024 fiscal year, the District recorded \$63,378 in amortization expense for the right-to-use assets. This amortization expense is unallocated on the Statement of Activities.

### **INDEPENDENT SCHOOL DISTRICT NO. 518**

### NOTES TO FINANCIAL STATEMENTS (CONTINUED)

#### 10. RESTRICTED FUND BALANCES:

Certain portions of fund balance are restricted based on state requirements to track special program funding, to provide for funding on certain long-term liabilities, or as required by other outside parties. A description of deficit balance restrictions is included herein since the District has specific statutory authority to levy taxes for such deficits.

Restricted, Committed, and Assigned fund balances at June 30, 2024, are as follows:

Restricted for Staff Development-

Represents available resources to be used for future staff development activities. The fund balance as of June 30, 2024, is \$64,730.

Restricted for Area Learning Center-

Represents available resources to be used for students attending the area learning center. The fund balance as of June 30, 2024, is \$228,666.

Restricted for Operating Capital-

The District levies taxes and receives state aid to be used for the purchase of equipment, books and vehicles and to purchase, rent, improve and repair school facilities as allowed by state statute. The cumulative excess of such revenues over equipment and facilities expenditures is reported as a restriction of fund balance in the General Fund. The fund balance as of June 30, 2024, is \$874,722.

Restricted for Gifted and Talented-

Represents available resources from state aid to be used for gifted and talented programming in accordance with funding made available for that purpose. The fund balance as of June 30, 2024, is \$71,282.

Restricted for Long-Term Facility Maintenance-

Represents available resources from the levy or aid to be used for future long-term facility maintenance projects. The fund balance as of June 30, 2024, is \$1,610.821.

Restricted for Student Activities-

Represents available resources from local revenues to be used for student led activity groups. The fund balance as of June 30, 2024, is \$192,493.

Restricted for Medical Assistance-

Represents available resources from medical assistance funding to be used for programming in accordance with that funding. The fund balance as of June 30, 2024, is \$466,962.

Restricted for Safe Schools-

Represents available resources for use in maintaining safe schools in accordance with that funding. The fund balance as of June 30, 2024, is \$13,976.

### 10. RESTRICTED FUND BALANCES (Continued):

Restricted for Basic Skills Programs-

Represents available resources to be used in providing services to students lacking basic skills. The fund balance as of June 30, 2024, is \$3,968,984.

Restricted for Literacy Incentive Aid-

Represents accumulated resources available to provide stipends for staff receiving training in literacy curriculum in accordance with funding made available for that purpose. The fund balance as of June 30, 2024, is \$108,336.

Restricted for Food Service-

Represents available resources to be used in providing food services to students. The fund balance as of June 30, 2024, is \$1,006,640.

Restricted for Community Education-

Represents accumulated resources available to provide general community education programming. The fund balance as of June 30, 2024, is \$112,683.

Restricted for Adult Basic Education-

Represents accumulated resources available to provide adult basic education services. The fund balance as of June 30, 2024, is \$731,005.

Restricted for School Readiness-

Represents accumulated resources available to provide school readiness programming in accordance with funding made available for that purpose. The fund balance as of June 30, 2024, is \$52,621.

Restricted for Early Childhood Family Education-

Represents accumulated resources available to provide early childhood family education programming in accordance with funding made available for that purpose. The fund balance as of June 30, 2024, is \$230,639.

Restricted for Other Programs-

Represents that amount that can be spent only for specific purposes stipulated by constitutional, external resource providers, or through enabling legislation. The fund balance as of June 30, 2024, is \$196,749.

Restricted for Debt Service-

Represents available resources from the debt service levy available only for payment of outstanding debt and related expenses. The fund balance as of June 30, 2024, is \$1,657,589.

#### -53-

# INDEPENDENT SCHOOL DISTRICT NO. 518 NOTES TO FINANCIAL STATEMENTS (CONTINUED)

#### 10. RESTRICTED FUND BALANCES (Continued):

Restricted for Bond Refunding-

Represents available resources to be used for bond refunding. The fund balance as of June 30, 2024, is \$8,382,482.

Assigned for Cable 3-

Represents amounts committed for the Cable 3 TV Studio operations, but not restricted. The fund balance as of June 30, 2024, is \$105,919.

Assigned for Projects-

Represents amounts assigned for projects, but are not restricted or committed. The fund balance as of June 30, 2024, is \$18,500,000.

### 11. EARLY RETIREMENT INCENTIVE:

The final payment on the superintendent's severance package was made in July of 2023. The new contract did not contain any severance payment liability.

### 12. POST-EMPLOYMENT HEALTHCARE BENEFIT PLAN:

- a. Plan Description-
  - The District provides a single-employer defined benefit healthcare plan which allows retirees and their spouses to participate in that plan through contractual arrangement. The plan offers medical coverage that is administered through the Sanford Health Insurance Plan. It is the District's policy to periodically review those medical coverages and obtain requests for proposals in order to provide the most favorable benefits and premiums for the District employees and retirees. No assets are accumulated in a trust.

Post-Employment Medical Plan – All eligible retirees of the District have the option to continue their medical coverage into retirement. Retirees pay the full district premium rate for the coverage and dependent coverage if elected. When the retiree is eligible for coverage under Medicare, the District plan allows continued participation as a healthcare plan secondary to that Medicare coverage.

There are 620 active participants and 10 retired participants. The plan does not issue a publicly available financial report.

### b. Contributions-

Retirees and their spouses contribute to the health care plan at the same rate as active District employees. This results in the retirees receiving an implicit rate subsidy. The required contributions are based on projected pay-as-you-go financing requirements. For the year ended June 30, 2024 the District contributed \$55,332 to the plan.

### NOTES TO FINANCIAL STATEMENTS (CONTINUED)

### 12. POST-EMPLOYMENT HEALTHCARE BENEFIT PLAN (Continued):

f. OPEB expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB (continued)-

Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year Ended June 30:	
2025	\$ (21,595)
2026	(21,595)
2027	(21,595)
2028	(17,905)
2029	(15,115)
Thereafter	(43,366)

### 13. DEFINED BENEFIT PENSION PLANS:

- Substantially all employees of the District are required by state law to belong to cost sharing, multiple employer, defined benefit pension plans administered by Teachers Retirement Association (TRA) and Public Employees Retirement Association (PERA), all of which are established and administered in accordance with Minnesota Statutes. TRA's and PERA's defined benefit pension plans are tax qualified plans under section 401(a) of the Internal Revenue Code.
- a. Summary of Significant Accounting Policies-
  - Pensions. For purposes of measuring the net pension liability, deferred outflows/inflows of resources, and pension expense, information about the fiduciary net position of the Teachers Retirement Association (TRA) and Public Employees Retirement Association (PERA) and additions to/deductions from TRA/PERA's fiduciary net position have been determined on the same basis as they are reported by TRA/PERA. For this purpose, plan contributions are recognized as of employer payroll paid dates and benefit payments, and refunds are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.
  - TRA has a special funding situation created by direct aid contributions made by the State of Minnesota, City of Minneapolis and Minneapolis School District. This direct aid is a result of the merger of the Minneapolis Teachers Retirement Fund Association merger into TRA in 2006. A second direct aid source is from the State of Minnesota for the merger of the Duluth Teacher's Retirement Fund Association in 2015.

### NOTES TO FINANCIAL STATEMENTS (CONTINUED)

### 13. DEFINED BENEFIT PENSION PLANS (Continued):

- b. Plan Descriptions-
  - 1. Teachers Retirement Association (TRA)-
    - TRA is an administrator of a multiple employer, cost sharing, defined benefit retirement fund. TRA administers a Basic Plan (without Social Security coverage) and a Coordinated Plan (with Social Security coverage) in accordance with Minnesota Statutes, Chapters 354 and 356. TRA is a separate statutory entity administered by a Board of Trustees. The Board consist of four active members, one retired member, and three statutory officials.
    - Educators employed in Minnesota's public elementary and secondary schools, charter schools, and certain educational institutions maintained by the state (except those teachers employed by St. Paul, or the Minnesota State colleges and universities) are required to be TRA members. Educators first employed by the Minnesota State may elect TRA coverage or coverage through the Defined Contribution Plan (DCR) administered by the State of Minnesota.
  - 2. Public Employees Retirement Association (PERA)-
    - The District participates in the following cost-sharing multiple-employer defined benefit pension plans administered by the Public Employees Retirement Association of Minnesota (PERA). PERA's defined benefit pension plans are established and administered in accordance with *Minnesota Statutes*, Chapters 353 and 356. PERA's defined benefit pension plans are tax qualified plans under Section 401(a) of the Internal Revenue Code.
    - The General Employees Retirement Plan covers certain full time and part-time employees of the District. General Employees Plan members belong to the Coordinated Plan. Coordinated Plan members are covered by Social Security.

#### -58-

### **INDEPENDENT SCHOOL DISTRICT NO. 518**

#### NOTES TO FINANCIAL STATEMENTS (CONTINUED)

### 13. DEFINED BENEFIT PENSION PLANS Continued):

c. Benefits Provided-

TRA and PERA provide retirement, disability, and death benefits. Benefit provisions are established by state statute and can only be modified by the state legislature.

TRA: Post-retirement benefit increases are provided to eligible benefit recipients each January. The TRA increase is currently 1.0%. This rate will increase by 0.1% each year starting July 1, 2024, through July 1, 2028, when the rate increase be capped at 1.5%.

PERA: Vested, terminated employees who are entitled to benefits, but are not receiving them yet, are bound by the provisions in effect at the time they last terminated their public service.

- The benefit provisions stated in the following paragraphs of this section are current provisions and apply to active plan participants. Vested, terminated employees who are entitled to benefits but are not receiving them yet are bound by provisions in effect at the time they last terminated their public service.
- 1. TRA benefits-
  - TRA provides retirement benefits as well as disability benefits to members, and benefits to survivors upon death of eligible members. Benefits are established by Minnesota Statutes and vest after three years of service credit. The defined retirement benefits are based on a member's highest average salary for any five consecutive years of allowable service, age and a formula multiplier based on years of credit at termination of service.
  - Two methods are used to compute benefits for TRA's Coordinated and Basic Plan members. Members first employed **before July 1, 1989**, receive the greater of the Tier I or Tier II benefits as described. Members first employed **after June 30, 1989** receive only the Tier II calculation with a normal retirement age that is their retirement age for full Social Security retirement benefits, but not to exceed age 66.

Tier I	Step Rate Formula	Percentage
Basic	First ten years All years after	<ul><li>2.2 percent per year</li><li>2.7 percent per year</li></ul>
Coordinated	First ten years if service years are prior to July 1, 2006 First ten years if service years are July 1, 2006, or after	<ol> <li>1.2 percent per year</li> <li>1.4 percent per year</li> </ol>
	All other years of service if service years are prior to July 1, 2006 All other years of service if service years are July 1, 2006, or after	<ol> <li>1.7 percent per year</li> <li>1.9 percent per year</li> </ol>

#### 13. DEFINED BENEFIT PENSION PLANS (Continued):

- c. Benefits Provided (continued)-
  - 1. TRA benefits (continued)-

With these provisions-

- a. Normal retirement age is 65 with less than 30 years of allowable service and age 62 with 30 or more years of allowable service.
- b. 3.0 percent per year early retirement reduction factors for all years under normal retirement age.
- c. Unreduced benefits for early retirement under a Rule of 90 provision (age plus allowable service equals 90 or more).

Tier II	Step Rate Formula	Percentage
Basic	Service years prior to July 1, 2006	2.7 percent per year
	All years after July 1, 2006	2.7 percent per year
Coordinated	Service years prior to July 1, 2006	1.7 percent per year
	All years after July 1, 2006	1.9 percent per year

- Actuarially equivalent early retirement reduction factors with augmentation are used for early retirement before the normal age of 65. Beginning July 1, 2015, the early retirement reduction factors are based on rates established under Minnesota Statute. Smaller reductions, more favorable to the member, will be applied to the individuals who reach age 62 and have 30 or more years of service credit.
- Six different types of annuities are available to members upon retirement. The No Refund Life Plan is a lifetime annuity that ceases upon the death of the retiree-no survivor annuity is payable. A retiring member may also choose to provide survivor benefits to a designated beneficiary(ies) by selecting one of the five plans which have survivorship features. Vested members may also leave their contributions in the TRA Fund upon termination of service in order to qualify for a deferred annuity at retirement age. Any member terminating service is eligible for a refund of their employee contributions plus interest.
- The benefit provisions stated apply to active plan participants. Vested, terminated employees who are entitled to benefits but not yet receiving them are bound by the plan provisions in effect at the time they last terminated their public service.

### 13. DEFINED BENEFIT PENSION PLANS (Continued):

- c. Benefits Provided (continued)-
  - 2. PERA benefits-
    - General Employees Plan benefits are based on a member's highest average salary for any five successive years of allowable service, age, and years of credit at termination of service. Two methods are used to compute benefits for PERA's Coordinated Plan members. Members hired prior to July 1, 1989, receive the higher of Method 1 or Method 2 formulas. Only Method 2 is used for members hired after June 30, 1989. Under Method 1, the accrual rate for Coordinated members is 1.2 percent for each of the first 10 years of service and 1.7 percent for each additional year. Under Method 2, the accrual rate for Coordinated members is 1.7 percent for all years of service. For members hired prior to July 1, 1989 a full annuity is available when age plus years of service equal 90 and normal retirement age is 65. For members hired on or after July 1, 1989, normal retirement age is the age for unreduced Social Security benefits capped at 66.
    - Benefit increases are provided to benefit recipients each January. The postretirement increase is equal to 50 percent of the cost-of-living adjustment (COLA) announced by the SSA, with a minimum increase of at least 1 percent and a maximum of 1.5 percent. Recipients that have been receiving the annuity or benefit for at least a full year as of the June 30 before the effective date of the increase will receive the full increase. Recipients receiving the annuity or benefit for at least one month but less than a full year as of the June 30 before the effective date of the increase will receive a reduced prorated increase. Members retiring under Rule of 90 are exempt from the delay to normal retirement.
    - For members hired prior to July 1, 1989, a full annuity is available when age plus years of service equal 90 and normal retirement age is 65. For members hired on or after July 1, 1989, normal retirement age is the age for unreduced Social Security benefits capped at 66. Disability benefits are available for vested members, and are based upon years of service and average high-five salary.

#### d. Contributions-

- 1. TRA contributions-
  - Minnesota Statutes Chapter 354 sets the rates for the employee and employer contributions. Rates for each fiscal year were:

	Ending June 30, 2023		Ending June 30, 2024	
	Employee	Employer	Employee	Employer
Basic	11.00%	12.55%	11.25%	12.75%
Coordinated	7.50%	8.55%	7.75%	8.75%

The District contributions for the plan's year ended June 30, 2024, were \$1,740,617 equal to the required contributions as set by State Statute.

### NOTES TO FINANCIAL STATEMENTS (CONTINUED)

### 13. DEFINED BENEFIT PENSION PLANS (Continued):

- d. Contributions (continued)-
  - 2. PERA contributions-

Minnesota Statutes Chapter 353 sets the rates for employer and employee contributions. Contribution rates can only be modified by the state legislature.

Coordinated Plan members were required to contribute 6.50 percent of their annual covered salary in fiscal year 2024. In fiscal year 2024, the District was required to contribute 7.50 percent for Coordinated Plan members. The District's contributions to the PERA for the plan's fiscal year ended June 30, 2024, were \$701,497. The District's contributions were equal to the required contributions for each year as set by state statute.

#### e. Pension Costs-

- 1. TRA pension costs-
  - At June 30, 2024, the District reported a liability of \$26,436,429 for its proportionate share of TRA's net pension liability. The net pension liability was measured as of June 30, 2023, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The District's proportion of the net pension liability was based on the District's contributions to TRA in relation to the total system contributions including direct aid from the State of Minnesota, City of Minneapolis and Minneapolis School District. The District's proportionate share was 0.3508% at the end of the measurement period and 0.3202% for the beginning of the year.

The pension liability amount reflected a reduction due to direct aid provided to TRA. The amount recognized by the district as its proportionate share of the net pension liability, the direct aid, and the total portion of the net pension liability that was associated with the district were as follows:

District's proportionate share of the net pension liability	\$ 26,436,429
State's proportionate share of the net pension liability associated	
with the district	1,851,675

There was a change in actuarial assumptions that affected the measurement of the total pension liability since the prior measurement date. The long-term rate of return was changed to 7.0% from 7.5%. In addition, the employee contribution rate will increase from 7.75% to 8.00% on July 1, 2025. The state provides funding for the higher employer contribution rate through an adjustment in the school aid formula.

For the year ended June 30, 2024, the District recognized pension expense of \$3,955,892. It also recognized \$260,730 as pension expense for the support provided by direct aid.

### NOTES TO FINANCIAL STATEMENTS (CONTINUED)

### 13. DEFINED BENEFIT PENSION PLANS (Continued):

- e. Pension Costs (continued)-
  - 1. TRA pension costs (continued)-
    - At June 30, 2024, the District reported its proportionate share of TRA's deferred outflows of resources and deferred inflows of resources from the following sources:

		Deferred Outflows of Resources	_	Deferred Inflows of Resources
Differences between expected and actual economic experience	\$	-	\$	241,934
Difference between projected and				
actual investment earnings		-		1,174,439
Changes in actuarial assumptions		-		-
Changes in proportion and differences				
between contributions made and the				
District's proportionate share of contributions				
		-		-
Prior year Contributions		(1,687,320)		-
Current Year Amortization of prior year amount		(4,437,887)		(8,169,690)
Contributions paid to TRA subsequent		(+,+)/,00/)		(8,109,090)
to the measurement date		1,785,450		_
Change in Deferred Outflows and	-	1,705,150	-	
Inflows for the year ended				
June 30, 2024	\$	(4,339,757)	\$	(6,753,317)
Balance at June 30, 2023	_	15,688,324	_	15,155,332
Balance at June 30, 2024	\$_	11,348,567	\$	8,402,015

The \$1,687,320 reported as deferred outflows of resources related to pensions resulting from District contributions to TRA subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2024. Other amounts reported as deferred outflows and inflows of resources related to TRA pensions will be recognized in pension expense as follows:

Year ended June 30:	Pension Expense Amount
2025	\$ 378,615
2026	\$ 400,356
2027	\$3,481,392
2028	\$ 68,769

### 13. DEFINED BENEFIT PENSION PLANS (Continued):

- e. Pension Costs (continued)-
  - 2. PERA pension costs-
    - At June 30, 2024, the District reported a liability of \$6,576,060 for its proportionate share of the PERA's net pension liability. The District's net pension liability reflected a reduction due to the State of Minnesota's contribution of \$16 million in 2009. The State of Minnesota is considered a non-employer contributing entity and the state's contribution meets the definition of a special funding situation. The State of Minnesota's proportionate share of the net pension liability associated with the District totaled \$181,366. The net pension liability was measured as of June 30, 2023, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The District's proportion of the net pension liability was based on the District's contributions received by PERA during the measurement period for employer contributions received from all of PERA's participating employers. At June 30, 2023, the District's proportion share was 0.1176 percent which was an increase of 0.0095 percent from its proportion measured as of June 30, 2022.
    - For the year ended June 30, 2024, the District recognized pension expense of \$701,497 for its proportionate share of PERA's pension expense. In addition, the District recognized an additional \$815 as pension expense (and grant revenue) for its proportionate share of the State of Minnesota's contribution of \$16 million to the PERA General Employees Fund.

# NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Change in Deferred Outflows and Inflows for the year ended				
June 30, 2023	\$	(1,300,155)	\$	877,754
Balance at June 30, 2022	_	5,589,477	_	2,948,867
Balance at June 30, 2023	\$_	4,289,322	\$_	3,826,621

The \$607,889 reported as deferred outflows of resources related to pensions resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2024. Other amounts reported as deferred outflows and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:	Pension Expense Amount
2025	(\$290,432)
2026	\$848,842
2027	\$805,492

#### -65-

# INDEPENDENT SCHOOL DISTRICT NO. 518 NOTES TO FINANCIAL STATEMENTS (CONTINUED)

#### 13. DEFINED BENEFIT PENSION PLANS (Continued):

f. Actuarial Assumptions-

The total pension liability in the June 30, 2023, actuarial valuation was determined using the entry age normal actuarial cost method and using the following actuarial assumptions.

	General	
Assumptions	<b>Employees</b> Fund	TRA
Inflation	2.25% per year	2.50%
Active Member Payroll Growth	3.00% per year	2.85%
Investment Rate of Return	7.00%	7.00%

- Actuarial Salary increases were based on a service –related table. Mortality rates for active members, retirees, survivors, and disabilitants were based on RP-2014 (TRA) Pub-2010 General Employees Mortality tables (PERA) for males and females, as appropriate, with slight adjustment for PERA's experience.
- Actuarial assumptions used in the June 30, 2023, valuation were based on the results of actuarial experience studies. The most recent four year experience study was completed in 2020.
- The following are changes in actuarial assumptions for TRA. Postretirement benefit cost of living adjustments are now assumed to be 1.0% for January, 2023, then increasing by 0.1% each year up to a maximum of 1.5% annually on January 1, 2028. Beginning July 1, 2024, the Normal Retirement Age (NRA) for active and eligible Tier II members will be 65. The employer contribution rate will be increased July 1, 2025 from 8.75% to 9.5%. In addition, the employee contribution rate will increase from 7.75% to 8% on July 1, 2025. The state provides funding for the higher employer contribution rate through an adjustment in the school aid formula.
- The following changes in actuarial assumptions for PERA occurred in 2023. The investment return assumption and single discount rate were changed from 6.5 percent to 7.00 percent. The vesting period of those hired after June 30, 2010, was changed from five years of allowable service to three years of allowable service. Additional one-time direct state aid contribution of 19.4 million will be contributed to the Plan on October 1, 2023. A one-time, non-compounding benefit increase of 3.0 percent will be payable in a lump sum for calendar year 2024 by March 31, 2024. The benefit increase delay for early retirements on or after January 1, 2024, was eliminated.

#### NOTES TO FINANCIAL STATEMENTS (CONTINUED)

#### 13. DEFINED BENEFIT PENSION PLANS (Continued):

- f. Actuarial Assumptions (continued)-
  - The long-term expected rate of return on pension plan investments is 7.0% for both PERA and TRA. The State Board of Investment, which manages the investments of PERA and TRA, prepares an analysis of the reasonableness of the long-term expected rate of return on a regular basis using a building-block method in which best-estimate ranges of expected future rates of return are developed for each major asset class. These ranges are combined to produce an expected long-term rate of return by weighting the expected future rates of return by the target asset allocation percentages. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected <u>Real Rate of Return</u>
Domestic Stocks	33.5%	5.10%
International Stocks	16.5%	5.30%
Bonds	25%	0.75%
Alternative Assets	25%	5.90%
Total	100%	

g. Discount Rate-

The discount rate used to measure the total pension liability was 7.00% for both TRA and PERA. The projection of cash flows used to determine the discount rate assumed that employee and employer contributions will be made at the rate specified in statute. Based on that assumption, each of the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

h. Pension Liability Sensitivity-

The following presents the District's proportionate share of the net pension liability for all plans it participates in, calculated using the discount rate disclosed in the preceding paragraph, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate 1 percentage point lower or 1 percentage point higher than the current discount rate:

#### **INDEPENDENT SCHOOL DISTRICT NO. 518**

#### NOTES TO FINANCIAL STATEMENTS (CONTINUED)

#### 13. DEFINED BENEFIT PENSION PLANS (Continued):

TRA Discount Rate District's proportionate share	1% Decrease in <u>Discount Rate</u> 6.00%	Discount Rate 7.00%	1% Increas Discount I 8.00%	Rate
of the TRA net pension liability PERA Discount Rate	\$ 42,164,160 6.00%	\$ 26,436,429 7.00%	\$ 13,561, 8.00%	
District's proportionate share of the PERA's net pension liability	\$ 11,633,579	\$ 6,576,060	\$ 2,416	,059

i. Pension Plan Fiduciary Net Position-

Detailed information about TRA's fiduciary net position is available in a separately-issued TRA financial report. That report can be obtained at <u>www.MinnesotaTRA.org</u>. Alternatively, a copy of the report may be obtained by writing or calling TRA:

Teachers Retirement Association 60 Empire Drive, Suite 400 St. Paul, MN 55103-4000 (651) 296-2409 or (800) 657-3669

Detailed information about each pension plan's fiduciary net position is available in a separately-issued PERA financial report that includes financial statements and required supplementary information. The report may be obtained on the internet at www.mnpera.org.

#### 14. DEFINED CONTRIBUTION PENSION PLAN:

- School board members of the District are covered by the Defined Contribution Plan, a multipleemployer deferred compensation plan administered by (PERA). The Defined Contribution Plan is a tax qualified plan under Section 401(a) of the Internal Revenue Code and all contributions by or on behalf of employees are tax deferred until time of withdrawal.
- Plan benefits depend solely on amounts contributed to the plan plus investment earnings, less administrative expenses. *Minnesota Statutes*, Chapter 353D.03, specifies plan provisions, including the employee and employer contribution rates for those qualified personnel who elect to participate. An eligible elected official who decides to participate contributes five percent of salary which is matched by the elected official's employer. Employees who are paid for their services may elect to make member contributions in an amount not to exceed the employer share. Employer and employee contributions are combined and used to purchase shares in one or more of the seven accounts of the Minnesota Supplemental Investment Fund. For administering the plan, PERA receives 2 percent of employer contributions and twenty-five hundredths of one percent (0.25 percent) of the assets in each member's account annually.

#### 14. DEFINED CONTRIBUTION PENSION PLAN (Continued):

Total contributions made by the District during fiscal year 2023 were:

Contributio	on Amount	Percentage of C	Covered Payroll	Required
Employee	Employer	Employee	Employer	Rates
\$1,545	\$1,545	5.0%	5.0%	5.0%

#### **15. JOINT VENTURES:**

- a. Nobles County Integration Collaborative (NCIC)-
  - Independent School District No. 518-Worthington, Independent School District No. 511-Adrian, Independent School District No. 514-Ellsworth, Independent School District No. 505-Fulda, Independent School District No. 330 Heron Lake-Okabena and Independent School District No. 2907-Round Lake-Brewster, entered into a joint powers agreement for the purpose of implementing the Nobles County Multi-District Integration Plan which was drafted by the Nobles County Multi-District Integration Council and submitted to the State of Minnesota in January, 2001. The member districts shall transfer to the Board the initiale integration and achievement funds as established at the conception of the agreement. Grants received from private foundations, corporate donations, regional, state and federal grants relating to the implementation of the plan will be used in addition to the member districts' transfers to finance the program. Any surplus is returned to member districts at the end of the fiscal year; therefore, no material surplus or deficit exists or is anticipated. Independent School District No. 518-Worthington was named the fiscal agent for the Collaborative.

#### 16. RELATED PARTY TRANSACTIONS:

- During the normal course of business, the District purchases goods and services from employees of the District and sells goods and services to employees of the District. The amounts of such transactions are not material to the financial statements.
- A Lease of farmland to a partnership with a board member as a partner for fiscal years 2022 through 2024 was awarded through an open request for proposals process.

#### 17. COMMITMENTS AND CONTINGENCIES:

- a. Grants and Aids-
  - The District receives significant financial assistance from numerous federal, state and local government agencies in the form of grants and aid. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of funds which may be disallowed by the agencies cannot be determined at this time although the District expects such amounts, if any, to be immaterial.
- b. Legal Claims-

The District has the usual and customary types of miscellaneous legal claims pending at year end, mostly of a minor nature and usually covered by insurance carried for that purpose.

#### -69-

### **INDEPENDENT SCHOOL DISTRICT NO. 518**

#### NOTES TO FINANCIAL STATEMENTS (CONTINUED)

#### 18. TAX ABATEMENTS:

- The District has entered into tax abatement agreements which meet the criteria for disclosure under Governmental Accounting Standards Board Statement No. 77 Tax Abatement Disclosures. The District's authority to enter into these agreements comes from Minnesota Statute 469.1813 Subd.2.b.2 that limits the abatement amount to the amount of tax increase resulting from valuation increases. The District entered into these agreements for the purpose of economic development.
- Under each agreement, the District and developer agree on an amount of the development cost to be reimbursed to the developer by the District through tax revenues levied as a result of the additional taxable value of the property generated by the development (tax abatement). A "pay-as-you-go" note is established for this amount, on which the District makes payments for a fixed period of time from the tax revenues generated.
- One agreement coordinated by the City of Worthington was awarded by the City of Worthington on May 24, 2010, for a property located at 511 10<sup>th</sup> Street in compliance with the guidelines. The abatement of all combined governmental units is \$80,000 or 15 years, whichever occurs first. As of June 30, 2024, the District had rebated \$12,482 of which \$871 was paid during the fiscal year then ended.
- The District has entered into a tax abatement agreement titled the Nobles Home Initiative (NHI), with the City of Worthington and Nobles County under Minnesota State Statute 469.1813 Subdivision 8. This program is intended to encourage the construction of new owner occupied and rental residential housing units. Eligible projects may receive up to 100% tax abatement of the District's share of increased real estate taxes resulting from the newly constructed housing unit, for a period of five years. During the fiscal year ended June 30, 2024, taxes were abated for thirty-eight eligible properties within the District's corporate limits in the amount of \$18,433.

#### 19. GASB STANDARDS IMPLEMENTED DURING FISCAL YEAR 2024:

GASB Statement No. 96, *Subscription-Based Information Technology Arrangements* (SBITA). The objective of this Statement is to better meet the information needs of financial statement users by (a) establishing uniform accounting and financial reporting requirements for SBITAs; (b) improving the comparability of financial statements among governments that have entered into SBITAs; and (c) enhancing the understandability, reliability, relevance, and consistency of information about SBITAs. The District implemented this statement during the year ending June 30, 2024. An evaluation of all software subscriptions was conducted with none of those subscriptions meeting the requirements for reporting under this statement.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Education Independent School District No. 518 Worthington, Minnesota

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Independent School District No. 518 (the District), as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated November 7, 2024.

#### **Report on Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

-90-

507-376-4151 • FAX: 507-376-4154 • E-MAIL: tdkcpa@tdkcpa.net • 909 4TH AVENUE, SUITE A• WORTHINGTON, MN 56187-2326 -

#### **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

#### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

#### INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the Board of Education Independent School District No. 518 Worthington, Minnesota

#### **Report on Compliance for Each Major Federal Program**

#### **Opinion on Each Major Federal Program**

We have audited Independent School District No. 518's (the District) compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of the District's major federal programs for the year ended June 30, 2024. The District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2024.

#### Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Independent School District No. 518 and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the District's compliance with the compliance requirements referred to above.

507·376·4151 • FAX: 507-376·4154 • E-MAIL: tdkcpa@tdkcpa.net • 909 4TH AVENUE, SUITE A• WORTHINGTON, MN 56187-2326 -

#### **Responsibilities of Management for Compliance**

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the District's federal programs.

#### Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the District's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government* Auditing Standards, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design
  and perform audit procedures responsive to those risks. Such procedures include examining, on a
  test basis, evidence regarding the District's compliance with the compliance requirements referred
  to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the District's internal control over compliance relevant to the audit in
  order to design audit procedures that are appropriate in the circumstances and to test and report on
  internal control over compliance in accordance with the Uniform Guidance, but not for the purpose
  of expressing an opinion on the effectiveness of the District's internal control over compliance.
  Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

#### **Report on Internal Control Over Compliance**

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a

combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

# INDEPENDENT SCHOOL DISTRICT NO. 518 SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS (CONTINUED) FOR THE YEAR ENDED JUNE 30, 2024

#### NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

#### NOTE A-BASIS OF PRESENTATION:

The accompanying Schedule of Expenditures of Federal Awards includes the federal award activity of the Independent School District No. 518 under programs of the federal government for the year ended June 30, 2024. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the Independent School District No. 518, it is not intended to and does not present the financial position, changes in net assets, or cash flows of the Independent School District No. 518.

#### NOTE B-SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Independent School District No. 518 has elected to not use the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance.

#### NOTE C-OTHER UNIFORM GUIDANCE INFORMATION:

For the year ended June 30, 2024, Independent School District No. 518 had no expenditures in the form of no sub-recipients, no federally provided insurance in effect, and no loans or loan guarantees outstanding.

#### NOTE D-COMMODITY DISTRIBUTION:

Non-monetary assistance is reported in the schedule at the fair market value of the commodities received and disbursed.

#### NOTE E-PROGRAM NUMBERS

The individual grant identification numbers assigned by the pass-through agencies are unknown.

# INDEPENDENT SCHOOL DISTRICT NO. 518 SCHEDULE OF FINDINGS AND QUESTIONED COSTS FOR THE YEAR ENDED JUNE 30, 2024

#### A. SUMMARY OF AUDIT RESULTS:

- 1. The auditor's report expresses an unmodified opinion on the financial statements of Independent School District No. 518.
- 2. Significant deficiencies relating to the audit of the financial statements are reported in the Schedule of Findings and Questioned Costs.
- There were no instances of noncompliance material to the financial statements of Independent School District No. 518, which would be required to be reported in accordance with *Government Auditing Standards*, that were disclosed during the audit.
- 4. Significant deficiencies relating to the audit of the major federal awards programs are reported in the Schedule of Findings and Questioned Costs.
- 5. The auditor's report on compliance for the major federal award programs for Independent School District No. 518 expresses an unmodified opinion on all major federal programs.
- 6. Audit findings relative to the major federal award programs for Independent School District No. 518 are reported in Part C of this Schedule.
- 7. The programs tested as major programs include:

English Language Acquisition	84.365*
Special Education	84.027*
Special Education Coordinated Early Intervening Services	84.027*
Special Education ARP	84.027X*
Special Education Preschool Grants	84.173*
Title I Grants to LEA's	84.010*

- 8. The threshold for distinguishing Type A and B programs was \$750,000.
- 9. Independent School District No. 518 was determined to be a low-risk auditee.

# B. FINDINGS RELATED TO THE FINANCIAL STATEMENTS REPORTED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS:

None

# C. FINDINGS AND QUESTIONED COSTS - Relating to Federal Awards:

Current Year: None

Prior Year: None

#### INDEPENDENT AUDITOR'S REPORT ON LEGAL COMPLIANCE WITH MINNESOTA STATE LAWS AND REGULATIONS

To the Board of Education Independent School District No. 518 Worthington, Minnesota

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained *in Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of Independent School District No. 518, as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the District's basic financial statements and have issued our report thereon dated November 7, 2024.

In connection with our audit, nothing came to our attention that caused us to believe that Independent School District No. 518 failed to comply with the provisions of the contracting – bid laws, depositories of public funds and public investments, conflicts of interest, public indebtedness, claims and disbursements, miscellaneous provisions, and uniform financial accounting and reporting standards for Minnesota school districts (UFARS) sections of the *Minnesota Legal Compliance Audit Guide for School Districts*, promulgated by the State Auditor pursuant to Minn. Stat. § 6.65, insofar as they relate to accounting matters. However, our audit was for directed primarily toward obtaining knowledge of such noncompliance. Accordingly, had we performed additional procedures, other matters may have come to our attention regarding the District's noncompliance with the above referenced provisions insofar as they relate to accounting matters.

The purpose of this report is solely to describe the scope of our testing of compliance and the results of that testing, and not to provide an opinion on compliance. Accordingly, this communication is not suitable for any other purpose.
