## WELCOME

Spring is just around the corner—less than 35 days away! We're excited to spring into action with many enriching activities, and we hope you'll join us!

Meet the friendly faces of our Adult Basic Education (ABE) team! ABE is one of five departments within Community Education, and we're dedicated to helping you on your educational journey. Whether you're working toward your GED, brushing up on reading, math, and writing skills, or improving your English speaking and reading abilities, we're here for you! We also offer resources for those preparing for U.S. Citizenship. Plus, if you'd like personalized help, we provide one-on-one tutoring and online classes! Don't forget to check out pages 16 and 17 for upcoming opportunities offered through ABE.

This spring, we're thrilled to offer an exciting trip to a Minnesota Twins game! Feel free to invite your family and friends to cheer on your favorite team, it would make a fantastic Father's Day gift! We've also got a variety of fun activities lined up, from gymnastics and archery to cooking classes, watercolor and acrylic painting, fishing classes, and a day trip to the Children's Museum of Southern Minnesota, among many other delightful opportunities.

A huge thank you to the wonderful organizations that partner with Community Education to help us bring a diverse range of events and opportunities to our community.

We're always eager to meet the needs of our community with great enrichment activities. If you have suggestions or want to share your talents by leading a program, don't hesitate to reach out to Soom Chandaswang at Community Education.

## CENSUS INFORMATION NEEDED

Are you new to the community and have young children? Was your baby born someplace other than Worthington? Do you have new neighbors with young children? We need your help! ECFE funding depends upon having accurate information about the children, ages birth to kindergarten who reside in our school district. Please call our office at 507-727-1225 so we can add the child's name to our census data. Being in the census ensures that you will receive Early Childhood Family Education mailing, be notified for Early Childhood Screening, and receive preschool and kindergarten information when your child becomes eligible to attend.

## Early Childhood Screening

**Do you have a child that is 3-5 years old?  
Has your child been to early childhood screening? If not, read on...**

Minnesota State Law requires that children age 3 1/2 - 4 years participate in a developmental early childhood screening. This screening is free. The purpose of the screening is to identify children who may benefit from district and community resources that are available to help in their development.

The screening will consist of the following components: fine/gross motor skills, language development, concepts, height/weight, vision, hearing, review of child's health history, and immunization record (these are not substitutes for comprehensive exams).

District 518 will be sending out letters of invitation to children who are in the appropriate age range. If your child is 4 years of age and has not been screened or if you would like to check if your child is listed on our census, contact Melanie Kuhl, Early Childhood Screening Coordinator at (507) 727-1207 for more information. Early Childhood Screening Dates for this school year are:

**March 18, 2025**  
8:00 a.m. to 2:45 p.m.

**April 16, 2025**  
8:00 a.m. to 2:45 p.m.

**May 27, 2025**  
8:00 a.m. to 2:45 p.m.

# COMMUNITY EDUCATION YOUTH SCHOLARSHIP PROGRAM

Worthington District 518 Community Education offers youth scholarships to enable more youth to participate in program offerings. As with most other school district activities, Community Education uses the USDA Free and Reduced Lunch application data to determine whether or not local youth are eligible. Children who qualify for Free or Reduced Lunch, will be able to enroll in most Community Education youth activities for the reduced fee.

To obtain these program scholarships, families should indicate their interest in applying for the reduced fee when enrolling their children in a Community Education class or activity. The Enrichment Programs Coordinator will determine whether any additional information is needed to determine if the child qualifies for this income-based program. For more information, parents can contact the Enrichment Programs Coordinator at the District 518 Community Education office at 507-376-6105.

## Muyehpen Performance

Thanks to Tah So Ghay Collah, 3rd grade EL teacher, and the Southwest Minnesota Arts Council, we are proud to host the first ever play written by a Karen artist in the U.S., playwright Ekhudah Zar. Based on a folktale that has been passed down for generations by the Knyaw (Karen) people of Burma, Muyehpen captures the story of a beautiful woman with supernatural powers who sacrificed for her people. This is her narrative of resilience and resistance, which lives on today. There will be two performances, one that is open to the public and one for 6th graders in our member school districts. Call us for more information!

**WORTHINGTON**  
DISTRICT 518

Our students have started the mandated testing components that will remain a focus for many of our teachers and students throughout the next few months. These tests provide important information in understanding where the student's knowledge of reading, math, language skills, and science.

The EDGE (Enrichment Directed towards Gaining and Extending knowledge) after school program for students in grades kindergarten through 8th grade has helped our students work on their math and reading skills. EDGE also helps with social and emotional skill building for students that need that additional guidance. Currently, this year Prairie Elementary (K – gr. 2) has 120 students, the Intermediate School (gr. 3 – 5) has 91 students, and 120 students at WMS. This number might increase after parent teacher conferences, testing, or a student is having frustrations in the classroom as the year progresses. EDGE is offered after school and during summer school for District 518 students.

The availability of credit recovery and night school has been beneficial to many of our high school students from WHS and the Learning Center. We currently have approximately 260 WHS/LC students taking night school at the Learning Center to earn credit recovery towards earning their high school diploma. Our VIBE (Virtual Instruction by Excellence), an online program, currently has 670 students participating in classes from home. These programs will help in working with students to keep them on track in the classroom and towards graduation.

District 518 staff has worked hard this year on many fronts to provide innovative teaching lessons, assignments, and projects for our students. We appreciate their efforts to adapt and be flexible in working on many levels to keep kids learning and doing well in the classroom.
